# PATRIOT MILLIONS RESPOND TO COUNTRY'S CALL

## PLAY AREA PLAN GETS AID FROM COUNCIL

Permanent Recreation Lot Move of Civics Club Is Favored By Trustees  
**COMMITTEE TO PROBE PROJECT IS NAMED**  
Investigators to Report On Ways, Means For Carrying Out Idea

Declaring that children of the city were now compelled to play in the street because of the home back yards garden in efforts to reduce the high cost of living and increase the food supply, Mrs. B. Uttley last night made an appeal to the city council for the establishment of a municipal playground, to be maintained and controlled by the city authorities.

In company with Mrs. Minnie Wilson she appeared before the council as a committee from the Woman's Civics Club.

Miss Mary Taney and Mrs. J. Rhea Baker were present, as a committee from the City Federation of the P. T. A. and asked the board for financial assistance in the federation plan for maintaining two public playgrounds for the summer—one at the High School and one at Lincoln school.

**Appoint Committee**

A committee composed of two members each of the council, M. and M. Association and the Chamber of Commerce was appointed to co-operate with committees from the federation and Civics Club in devising ways and means for securing a municipal playground. When the committee reports, the council will render whatever financial aid it can for the summer playgrounds.

Revival of the discussion of a municipal playground was introduced in a communication to the council from the Civics Club asking that some action be taken to give the city a permanent playground.

Mrs. Wilson said that the club had \$100 which it would at any time turn into a fund for such a place.

"Four years ago we took this matter up with the council and was promised co-operation in the movement," said Mrs. Uttley. "A committee was appointed but nothing resulted. Our fatherhood and boys are now deeply engrossed in the battle for a living and it is up to the motherhood to take care of the children. I know of no better method of co-operative effort in behalf of our children.

"Conditions today are different from those under which we raised our children. Planting of back-yard gardens to increase the food supply has forced our children to utilize the street for playgrounds. We are a back number when it comes to parks. Santa Ana is the county seat of the richest county of its size in the state and is thirteenth in the United States. Santa Ana is rich enough to provide her people with parks and open breathing spaces.

**Present Cost Held Cheap**

"We want a park in a central location. There will never be a time in Santa Ana when we can buy a site as cheaply as now. We want a playground that will be kept open every day in the week.

"Four years ago, when this movement was agitated, each member of the council contributed \$20 for a playground fund, and the Civics Club still has that money.

"We come here tonight to again ask that the council take some action that will result in the city securing a permanent playground."

McPhee stated that the council had no money which it could devote to such a purpose and the only way funds could be raised was by voting bonds.

Mrs. Wilson suggested that possibly the city could lease school grounds for the purpose.

City Attorney Scott advised that playgrounds could be secured either by forming a small district or by making the entire city a district for assessment purposes.

**Tells Former Failure**

Trustee Maryatt recounted the attempt three years ago of securing playgrounds at the water works by utilizing some of the city property.

## Slay Proletariat Name June 8 Peace Meet Date

BY WILLIAM G. SHEPHERD  
(United Press Staff Correspondent)

PETROGRAD, June 5.—The workmen's and soldiers' council today named July 8 as the date for the Russian-called Stockholm peace conference.

The formal call for the international meeting summarizes its purpose "to organize a world union to consider means to end the war and eliminate imperialism."

News that the American government had refused passports to socialists to a Stockholm conference caused great disappointment here. President Tscheidze of the soldiers' and workmen's council declared he was "disillusioned" by the refusal.

Labor troubles are increasing here. Today a general strike was ordered in all Petrograd factories because of the employers' refusal to accord a six hour day and equal wages to men and women.

Demands of miners for a 200 per cent increase in wages were also made public today.

The miners received a 90 per cent increase granted by the department of commerce in March.

## 180,000 LATINS LOST, IS CLAIM OF AUSTRIANS

Italians In 19-Days' Isonzo Grapple Suffer Frightfully, Says Vienna

VIENNA, via London, June 5.—Italy's offensive in the Isonzo battles of the past nineteen days has cost her 160,000 in killed and wounded and 20,000 in prisoners taken by the Austrian forces, an official statement today asserted.

"West of Gorizia several enemy attempts to recapture the trenches lost on Sunday were futile," the Austrian war office continued.

"We captured 611 prisoners and nine machine guns, taking 350 additional prisoners in other engagements.

"The enemy occupied Kuk mountain and the shell-battered ruins of Jamiano, both of which were small compensation for his heavy losses."

**HAIG FOR THIRD DAY RAIDS Foe'S RIGHT WING**

LONDON, June 5.—Field Marshal Haig kept up his incessant raid fighting policy on the western front last night, he reported today.

"At night east and south of Ypres we made successful raids," he said. "Southeast of Lens and south of Arras our hostile raiders were driven off."

This is the third successive day on which the British have reported raids in the northern section of the western front.

## FRENCH SWEEP FORWARD OVER ENEMY TRENCHES

PARIS, June 5.—What the official statement today described as a "lively attack" carried French forces last night over into trenches which they had lost to the Germans on Monday northwest of Froimont farm. The gains were held despite counterattacks.

North of Bray-En-Laonnais the report said a violent bombardment was in progress.

In the Champagne there was intermittent artillery fire most active around the Casque and Mont Cornillet. Between Tahure and Auberive an enemy raid failed.

## PARIS RADICALS FIRM FOR ALSACE RETURN

BY W. S. FORREST  
(United Press Staff Correspondent)

PARIS, June 5.—Radicals and radical Socialists, who together constitute a majority in the Senate and Chamber of Deputies, formally met and resolved today that it was necessary that France recover Alsace-Lorraine.

A formal note of confidence in the government which will recite this basic principle of France's peace terms, will probably be accorded in the two houses within the next day or so.

## 100,000 TONS TEUTON SHIPPING SOON READY

WASHINGTON, June 5.—More than one hundred thousand tons of Austrian and German shipping has been seized by the United States and will be repaired and available for use of America and its allies by the end of July, according to a shipping board announcement today.

## TEUTON PLANE DOWNED IN RAID OVER THAMES

LONDON, June 5.—A German air raid over the Thames Estuary was today reported by the admiralty. One hostile war plane was brought down.

## BEACH TRUSTEES TO DECIDE ON JETTY BIDS

Meeting Tomorrow Night Will Determine Course to Be Pursued

NEWPORT BEACH, June 5.—At a regular meeting of the board of trustees last night bids were submitted for the construction of a jetty along the west side of the channel leading from the bay to the ocean. Definite action was postponed in awarding the contract for this important construction work until tomorrow evening at 7:30, at which time the trustees and the harbor commission will meet in joint session for the purpose of giving the matter due consideration before final acceptance of any of the bids proposed.

The engineering firm of Leeds and Barnard of Los Angeles will supervise the work. Barnard was present at the meeting last night. The board requested that representatives of the firms submitting bids be present at the meeting to be held tomorrow night.

## TEUTON PLOT HINTED IN OREGON STRIKE

PORTLAND, Ore., June 5.—The United States district attorney's office here today is investigating a report that the strike at Oregon City which caused a complete shutdown of the big Crown Willamette paper mills was the result of the activity of German agents.

## BUT 10 FRENCH SHIPS DIVER VICTIMS IN MAY

PARIS, June 5.—Only ten French ships were sunk by submarines in May, it was learned today. This is a big decrease over any previous period.

## HOW MUCH IS SEVEN BILLIONS?

Congress has passed and our President has signed a bill authorizing the expenditure of Seven Billions of Dollars.

Seven Billions of Dollars! Seven Thousand Millions, or Seven Million Thousands! Think of this!

And most of it to be spent within the next six months—right here, at home, in our own United States—practically every cent of it!

It is the purpose of our government to loan a good portion of this money to our Allies; that is, extend to them this amount of credit to buy our merchandise of various sorts. But most of it is to be spent by our own government in similar commodities, purchased from our own manufacturers.

\$7,000,000,000.00!

Let us try to comprehend what SEVEN BILLIONS OF DOLLARS really means.

Seven billions is twenty times the cost of the Panama Canal.

Seven billions in gold coin—not silver—would load down nearly 1200 freight cars, each carrying 24,000 pounds, and make a string thirteen miles long.

Seven billions of silver dollars stacked in a pile would go up toward the stars a distance of 1736 miles. And it would take the United States mint, working day and night, 224 years to coin the dollars.

Seven billions of dollars will buy two pairs of shoes for every man, woman and child on earth—including Christian and Pagan.

Had an express train started at the dawn of the Christian era, going at the rate of a mile a minute, it would today have gone only one-seventh of the distance.

Such a vast sum, most of it to be spent within the next six months, is going to stimulate business enormously.

This loan bears interest at the rate of 3½ per cent, which sum amounts to \$45,000,000 a year—nearly \$500 a minute. Just the interest.

Never in the history of the United States have we faced a more prosperous era. Orange county, which is right now receiving the biggest prices for beans in many years is sharing abundantly in this prosperity. Packing houses will open in Santa Ana in a month. The big new woolen mill opens in fifteen days. Apricots, walnuts, oranges and lemons are bringing class A prices.

But read what John Wannamaker has to say about this unprecedented era of prosperity. You will find his statement on page 10 of today's Register.

## Teuton Warship Is Sunk 'SLACKERS' ARE TO BE SOUGHT

## BRITISH IN COUNTYMEN SEA CLASH SIGN WAR REGISTER

Crack German Destroyer Goes Down Under Fire From English Fleet  
Clerk Williams Receives 65 Cards From Eligibles Now Absent

LONDON, June 5.—A British light cruiser and destroyer flotilla sank one German destroyer, the S-20, and damaged another in an engagement with six enemy destroyers at long range, the admiralty reported today.

Ostend was bombarded with "good results," the admiralty declared. Shore batteries returned the British fire but there were no casualties on the British ships and no damage done to the attacking vessels.

The engagement took place early this morning. Vice Admiral Dever reports that the enemy naval base and workshops at Ostend were heavily bombarded early in the morning. The admiralty statement said:

"Commander Tyrwhitt reports early in the morning a light cruiser and destroyers engaged six German destroyers at long range. One of the latter was sunk and another damaged.

"Ostend was bombarded with good results. The shore batteries returned the fire but we were without damage. The German destroyer sunk was the S-20. We had no casualties."

The German destroyer S-20 was built in 1912 and was of 829 tons displacement. She was capable of 32.5 knots speed, carried 73 men and was classified as a splendid example of the latest type in such craft. Commander Reginald Tyrwhitt, mentioned as commanding the British flotilla which was victorious in the brush, has already had a distinguished career in the navy. He is commander of the destroyer flotilla of the first fleet. He participated in the Heligoland battle of August 27, 1914, and in the North Sea battle of January 24, 1915 when the German cruiser Bluecher was sunk.

Guest—Why, Willie, your plate is empty. Don't you like pie?  
Willie—You bet, we've got to wait to see if you want a second help.

## REGISTRATION DAY STARTS WITH RUSH IN CALIFORNIA

SAN FRANCISCO, June 5.—Registration day on the Pacific Coast started with a rush to the polls.

The weather didn't encourage slackers. Clear skies throughout the Pacific Coast states encouraged a heavy registration during the morning. Many registration clerks found lines of youths waiting when they opened the polling places at 7 a. m.

Double police forces were on guard in the larger coast cities, though there was no early indication today that they would be necessary.

Parades and patriotic demonstrations were planned in many places. By proclamation of the governors of Pacific Coast states today was a legal holiday.

California saloons were practically all closed.

Several hundred youths escaped registration today by enlisting. San Francisco alone reported about 160 enlistments in all branches of the service yesterday.

"Vigilance committees" organized by federal, state, county and city authorities on the Pacific Coast, had little to do during the early hours today. Extra officers in plain clothes circulated everywhere, however, keeping a close watch for a possible attempt to distribute anti-conscriptionist literature.

## CHINESE IN DEATH FEAR, DEPUTIES SEEK THEM OUT

SAN FRANCISCO, June 5.—Because many Chinese fear to leave their rooms on account of the fact that they may be assassinated by enemy tong men, registration deputies today were sent through Chinatown to register them.

## BRIDGE GUARDS NEAR ORANGE BATTLE GROUP OF HIDDEN MEXICANS

100 Shots Exchanged; Mystery Attack Made On Militiamen In Tent

Five National Guardsmen stationed on the east side of the Santa Fe bridge between Orange and Anaheim engaged in a gun battle with a number of Mexicans on the other side of the river last night, it was learned today.

Approximately 100 shots were exchanged. Privates Tolle and Swisher were on guard. Three other guardsmen were in a tent. Suddenly a fusillade of shots rang out. The three men in the tent ran out and aided their companions in returning the fire.

Private Watsman, returning from Orange, narrowly escaped being shot as he came within range. He fell flat and escaped being hit.

The fire from the other side of the river died down shortly. The guardsmen made an investigation but were unable to locate the attackers.

It is presumed that the men who opened fire were Mexicans as earlier in the evening a drunken Mexican had been ordered off the bridge by one of the guards.

## TROOPS BATTLE 300 CONVICTS AT JOLIET

Entire Penitentiary Menaced As 5 Buildings Are Fired By Prisoners

BULLETIN  
JOLIET, Ill., June 5.—Though part of the convicts have been subdued in the battle with the militia, police and firemen, 300 have been herded together in one corner of the prison enclosure, and, armed with heavy cudgels and pieces of scrap iron, they still defy the authorities late this afternoon. Nine men, two guards and seven convicts have been seriously injured.

JOLIET, Ill., June 5.—Three companies of militia today combined forces with squads of firemen and police officers and engaged in a desperate battle with 800 convicts at the state penitentiary.

Five buildings of the prison are burning. They were ignited by the convicts.

Five convicts are seriously wounded and scores are slightly hurt.

Armed with clubs, stones and anything else they could lay hands on the prisoners increased the strength of their onslaughts against the troops. The flames are menacing the entire penitentiary.

The trouble started at breakfast time today when the prison authorities refused permission to anyone else but relatives of inmates to visit the prison.

## KAISER WARRED UPON S. AMERICA—BRAZIL

BY H. B. ROBERTSON  
(United Press Staff Correspondent)

RIO DE JANEIRO, June 5.—Brazil was forced to break her neutrality because Germany was virtually declaring war on all Latin-America, according to a formal note of explanation forwarded to all nations except the Central powers today by the foreign minister.

Included in the note was a charge that the attitude of certain South American republics "does not comport with the principles of the Monroe doctrine."

## GIRL KILLED, 4 HURT IN BAY CITY CRASH

SACRAMENTO, June 5.—Miss Cecilia Poorman was killed and four others injured when an automobile capsized on the M street road near here early today. All are of Fair Oaks, Cal.

## MORE TIME IS SOUGHT BY CITIES

All May Not Be Registered By Time Booths Close, Is Fear In Boston

## REGISTRATION HEAVY THROUGHOUT COUNTRY

Slight Disturbances Mar Big Program of Getting the Names of Eligibles

WASHINGTON, June 5.—Appearances that today's selective service registration may not be completed by the time the booths are supposed to close brought appeals from Boston and other large cities to extend the time of closing until midnight. No action on this has yet been taken. There is a heavy registration everywhere. Slight disturbances are maring the program.

CHICAGO, June 5.—Twelve arrests had been made in Chicago in connection with the selective service registration before noon today. Two of these were white men charged with "interfering with registration." The others were negroes, taken off a train and charged with fleeing from the South to evade conscription.

One of the white men arrested displayed a poster in his store near a South Side polling place, urging young men not to register. Their names were withheld.

WASHINGTON, June 5.—Young America was at the polls today casting its vote for world democracy—registering for service.

Reports to the United Press early today showed registration day fair throughout practically all the nation. The youth of the country was pledging itself bright and early, heavy listing being reported everywhere in the first few hours after opening of the registration stations. No city reported any disturbances in the early hours and the impromptu election machinery, called into service in the hour when America is selecting her men to fight Germany, was running smoothly and easily.

By night the provost marshal general expects that 10,264,869 Americans between 21 and 31 will have listed themselves in the potential army of the draft.

625,000 Chosen by Fall

Some time between now and early fall, 625,000 of this 10,264,869 will be chosen by lot, called formally to the government soldier-producing factory. Half a million of the Americans who registered today will constitute the first American draft army. The remaining 125,000 will form the reserve from which vacancies in this first half million will be filled.

Today was America's first experience with a compulsory draft from which there could be no evasion by purchase of a substitute. It was the nation's first compulsory demand on her youth since the days of '61. Many states made a holiday of the event. Hundreds of cities held formal celebrations. There were parades, patriotic mass meetings, speeches, banners, bands and pageants. For the most part America went "in" with the joyous enthusiasm of youth—of youth unafraid, ready for a fight.

A more sober undertone was the grim presence in mobilized ranks of heavy police and militia guards at all registration places.

Machine Guns Ready in N. Y.

New York, melting pot of the nation, where a hundred nationalities congregated, was under heavy guard. Every one of Police Commissioner Wood's blue coats was at his post. So also was everyone of the auxiliary home defense league substitutes. Armored police automobiles carrying

DOING HIS BIT  
ON FARM IN  
MISSOURI

Editor of Register Raising  
Beef Cattle and Making  
Lands Productive

Santa Ana Man Busily Engag-  
ed in Conservation of Place  
at Columbia

J. P. Baumgartner, editor of the  
Register, who is spending several  
months upon his farm at Columbia,  
Mo., has written a letter to W. A.  
Huff offering his co-operation in the  
local Liberty Loan campaign. He was  
one of the three committeemen ap-  
pointed for Santa Ana by the govern-  
ment.

The letter follows:  
Columbia, Mo., May 30, 1917.  
Mr. W. A. Huff, Santa Ana, Cal.  
Dear Mr. Huff:—I see by the Reg-  
ister that I have been appointed on  
the Liberty Loan Committee for Santa  
Ana. I take it that this appointment  
apertains more to the Register than  
to myself, personally; but I am writ-  
ing to assure you that not only the  
Register and its staff are freely and  
heartily at the service of the commit-  
tee, but that I am personally at your  
command in any way that I can be of  
service. If the committee has no bet-  
ter place for meeting, my private of-  
fice in the Register building is at its  
disposal, and I shall be with you al-  
ways in spirit.

I have not yet sent a subscription  
to the Liberty Loan, but hope to do so  
soon—will do so at any time at the  
command of your committee. Mean-  
time I am trying to "do my bit" in an-  
other way. Impelled by my love for

conservation I bought, last fall, while  
here on a visit, a terribly neglected  
and run-down farm of 220 acres. I  
started the work of redemption and  
improvement at that time, and came  
here this spring to go on with it. Up  
to date I have expended over \$6000 in  
redeeming waste land, grading,  
draining, clearing, fertilizing and  
improving fences and buildings. We  
shall produce about 30,000 pounds of  
beef during the next six months on  
grass alone, besides considerable  
crops of corn, oats and hay—all on  
land that has been for years largely or  
wholly unproductive. There is a large  
apple orchard—about fourteen acres—  
on the place, which we are hoping to  
restore to productivity by next season  
—it will produce some fruit this sea-  
son.

This work has seemed to me well  
worth while; because the average  
farm-buyer in this section either has  
not the capital to handle such a prop-  
erty, or is lacking in the imagination  
necessary to enable him to see its  
possibilities. Perhaps they are ma-  
terially fortunate in their limitations—  
that is, I'm not at all sure my in-  
vestment of money, time, energy, etc.,  
is going to prove profitable in a pure-  
ly monetary way; but I'm enjoying  
the work and hope to improve my  
health by the complete change afford-  
ed by spending the summer here. At  
all events I am adding to the world's  
food supply, demonstrating the possi-  
bilities of constructive conservation  
work, and laying the foundation for a  
beautiful and productive country  
home for somebody.

But I do not wish, on this account,  
to claim exemption from any obliga-  
tion or responsibility of my citizen-  
ship at home. My resources there are  
fully subject to every reasonable de-  
mand of public service. My associ-  
ates in charge of the Register under-  
stand this, and will heartily respond  
to every call for such service as we  
can render.

With kind personal regards to you  
and your colleagues, and best wishes  
for your success, I am

Sincerely yours,  
J. P. BAUMGARTNER.

TOMMIES RATE OVER  
HEAVY BOMB LOADS

LONDON, June 5.—One kick  
against the working out of the Gen-  
eral Staff's plans for the big British at-  
tack was registered emphatically by a  
number of Tommies. The men were  
heavily laden with ammunition, most-  
ly grenades and bombs, when they  
started for their objectives. "We  
reckoned on spending most of our  
load on the Fritzies," one soldier ex-  
plained, "but the beggars either sur-  
rendered without a fight or ran away,  
and most of the boys got to their ob-  
jectives with as much ammunition as  
they started with, and were all tuck-  
ered out from carrying it."

PROBATION OFFICERS  
START CONFERENCE

PITTSBURG, Pa., June 5.—Five  
hundred probation officers, judges and  
others interested in probation work,  
attended the ninth annual conference  
of the National Probation Associa-  
tion here today. The sessions last  
three days. Albert J. Sargent of Bos-  
ton, president, spoke today, touching  
on many of the problems in con-  
nection with juvenile probation which are  
to be discussed.

WIFE CHARGES SPOUSE  
IN PLOT, SEEKS ARREST

SAN FRANCISCO, June 5.—Declaring  
her husband, Theodore Wilde, left  
her here in 1915, telling her he was  
going to San Diego on business and  
has not returned, and that she is in-  
formed and is inclined to believe that  
he has been engaged in German-Mexi-  
can plotting, Mrs. Frieda Wilde has  
secured a warrant for the arrest of  
her spouse, charging non-support. To-  
day officers are seeking an opportu-  
nity to serve the warrant.

Mrs. Wilde says she was married  
in Germany sixteen years ago. Her  
husband is a man of education and  
ability and Mrs. Wilde says Federal  
authorities suspect him of plotting.

CELERY ACREAGE  
BE SAME AS  
LAST YEAR

Plants in Seed Beds to be Used  
To Put Out 200 Acres  
About July 1

Orange county is going to produce  
about 200 acres of celery this year.  
That is about the same acreage as  
was grown in 1916.

The plants are now in the seed beds,  
and are reported to be doing well.  
Planting will begin the last week in  
June or the first week in July.

Much of the land that a few years  
ago was devoted to celery has since  
been turned to the growing of sugar  
beets and lima beans.

ORDINANCE FOR  
FERRY PASSED  
AT NEWPORT

NEWPORT, June 5.—An ordinance  
granting a ferry franchise to E. D.  
Rodgers has been passed by the Board  
of Trustees. Provisions are made for  
the construction of wharves, docks,  
slips, etc., to be used in connection  
with the operation and maintenance of  
a ferry from the northern end of  
Palm street on the mainland to the  
southern end of Acate avenue on Bal-  
boa Island. The term of the franchise  
granted is twenty years.

The resignation of City Clerk C. M.  
Crego was received and it was decided  
to postpone action in the appointment  
of Crego's successor for one week. Ap-  
plications for the position of city clerk  
were presented by J. Royal Lemon  
and C. L. Lancaster. Lemon is now  
deputy city clerk, having been appoint-  
ed to that position by Crego.

Acting on a recommendation of the  
Board of Health recommending the in-  
stallation of sanitary drinking foun-  
tains at convenient points throughout  
the city, the board ordered the instal-  
lation of five of these fountains.

In connection with the building of  
the coast highway and in preparation  
of the reception of traffic from this  
important roadway, the city engineer  
was instructed to make a survey and  
estimate of the cost of the opening of  
a street through the Seashore Colony  
tract along the south bank of the  
Santa Ana river easterly to Forty-  
Sixth street.

P. S. SINSHEIMER IS  
AIDING BOND SALES

SAN FRANCISCO, June 5.—Paul S.  
Sinsheimer, formerly bond expert for  
the State Railroad Commission, who  
recently resigned, now is conducting  
the publicity campaign for the Lib-  
erty Loan Committee and in about two  
weeks will become assistant to the  
president of the Union Trust Com-  
pany in this city.

MONGOLIA'S GUNNERS  
SINK TEUTON U-BOAT

LONDON, June 5.—The gun crews  
of the American armed merchantman  
Mongolia think they sank a German  
submarine on a trip over from an  
American port. They encountered a  
number of U-boats and shelled them.  
The commander of the squad of naval  
gunners believes that one shell found  
its mark.

See the "Argonauts of California" at  
the Temple Theatre tonight and to-  
morrow.

WASHINGTON STIRRED  
BY RUSS PEACE TALK

WASHINGTON, June 5.—The state-  
ment by Baron Rosen, former Russian  
ambassador to the United States, that  
Russia's way out of her present chaos  
lies in the way of a peace conference  
with the allies for the purpose of lay-  
ing the basis of a peace with the  
Central Powers has created a most  
unfavorable impression in official  
circles here.

It is considered doubtful whether  
the United States note to Russia,  
which, it is indicated, may never be  
made public, will succeed in its re-  
puted object, that is, changing the  
Petrograd authorities toward contin-  
ued Russian prosecution of the war.

Baron Rosen's statement, it is stat-  
ed, was plainly his bid for the Russian  
presidency. In this connection it is  
stated that the most popular men in  
the provisional government are those  
who want peace.

The popular revolt in Russia was  
encouraged by the British Govern-  
ment, it has been learned from au-  
thoritative sources, and for a brief  
time Britain dominated the situation,  
but for several weeks it has been en-  
tirely beyond her control.

'HAM' HAMILTON OPENS  
SYCAMORE AUTO SHOP

D. W. Hamilton, better known by  
his friends as "Ham," has opened an  
automobile repair shop at the rear of  
the Spangler blacksmith shop on  
Sycamore street, and hereafter will do  
business for himself.

Hamilton has been employed at the  
Ford garage for the past two years  
and a half, and has had fourteen years  
of experience on Fords.

He is equipping his new shop with  
the latest appliances for the handling  
of automobile work, including a "trou-  
ble" car, for service in hauling crippled  
machines to his shop or making  
repairs on the road.

MANY SEEK TRAINING  
AT SECOND WAR CAMP

SAN FRANCISCO, June 5.—Applica-  
tions for enrollment in the second  
officers' reserve corps training camp  
to open at the Presidio August 27, will  
be received on and after June 15, ac-  
cording to announcement by training  
camp authorities today. Already  
scores of requests for admittance are  
coming in, but these cannot be consid-  
ered until after June 15. A list of 10,  
000 recommended applicants for the  
first camp also will be considered in  
naming men for the second training  
course.

DON'T NEGLECT THE SUMMER COLD  
We "catch cold" in warm weather be-  
cause colds are germ diseases and our  
vitality is too low to resist them. To kill  
these cold germs, the antiseptic pine-tar  
of Dr. Bell's Pine-Tar-Honey is famous-  
ly effective, besides helping to relieve the  
tight chest and invigorate the tissues.  
The honey and expectorant ingredients  
loosen the throat and soothe the cough.  
Always have a bottle of Dr. Bell's Pine-

NEW FICTION IS  
ADDED TO THE  
LIBRARY

List of Recent Acquisitions At  
Local Institution Are  
Announced

Thirty-five new books of fiction  
have just been added to the shelves of  
the Santa Ana library, and are now  
available for the use of the patrons  
of that institution. The list follows:  
"The Ford," Mary Austin; "The  
Stingy Receiver," E. H. Abbott; "Half  
Hours with The Idiot," J. K. Bangs;  
"The Middle Pasture," Mathilde Bil-  
bro; "Brandon of the Engineers,"  
Harold Bindless; "Starr of the Des-  
ert," B. M. Bower; "The Delight Mak-  
ers," A. F. A. Bandler; "Instead of  
the Thorn," C. L. Burnham; "Wind's  
Well," A. and E. Castle; "The Shadow  
Line," Joseph Conrad; "Cinderella  
Jane," M. B. Cooke; "Out of a Clear  
Sky," M. T. Davies; "Children of the  
Desert," Louise Dodge; "Dumb-bell of  
Brookfield," J. T. Foote; "An Alabas-  
ter Box," M. E. W. Freeman; "The  
Way of the Wind," E. B. Frothing-  
ham; "Cleck's Government Case," T.  
W. Henshaw; "The Streets of the  
Black Wall," J. K. Jerome; "Limpy,"  
William Johnston; "Sudden Jim," C.  
B. Kelland; "Romance of Martin Com-  
nor," Oswald Kendall; "The Lifted  
Veil," Basil King; "Mary Gusta," J. C.  
Lincoln; "Casuals of the Sea," Wil-  
liam McFee; "Those Fitzingers,"  
H. R. Martin; "Undertow," Kathleen  
Norris; "The Girl at Her Billet," Mrs.  
Oliver Orton; "The Road to Under-  
standing," E. H. Porter; "The Brown  
Study," O. S. Richmond; "The Proach-  
er of Cedar Mountain," E. T. Seton;  
"The Road to Ambition," Elaine  
Sterne; "Penrod and Sam," Booth  
Tarkington; "Oh, Mary Be Careful,"  
George Weston.

RECORD SANTA CLARA  
PRUNE CROP FORECAST

SAN JOSE, June 5.—That the Santa  
Clara Valley prune crop this year will  
be twice the size of last year's crop  
and will exceed the famous bumper  
crop of 1912 is the prediction made by  
J. W. Chilton, prominent prune pack-  
er, after a study of crop conditions in  
the valley. If this prediction works  
out, at an average price of 7 cents,  
which the growers expect, it means an  
\$8,000,000 crop.

A Texas Wonder

—The Texas Wonder cures kidney  
and bladder troubles, dissolves gravel,  
cures diabetes, weak and lame backs,  
rheumatism and irregularities of the  
kidneys and bladder in both men and  
women. Regulates bladder troubles  
in children. If not sold by your drug-  
gist, will be sent by mail on receipt of  
\$1.00. One small bottle is two months'  
treatment, and seldom fails to perfect  
a cure. Send for testimonials from  
this and other states. Dr. E. W. Hall,

TEUTON BASES BOMBED  
BY BRITISH AIRMEN

LONDON, June 5.—Another success-  
ful air raid on German depots at St.  
Denis Westrem, Zebrugge and  
Bruges was announced by the admir-  
alty today.  
"On Sunday night a naval aeroplane  
carried out an attack on the enemy  
aerodrome at St. Denis Westrem," the  
statement said. "Many bombs were  
dropped with good results. The ene-  
my seaplane base at Zebrugge was  
also attacked by seaplanes and ship-  
ping at Bruges likewise bombed."

## PAVING ON W. 5TH DAMAGED BY IRRIGATION WATER

City Attorney Instructed to Investigate, Bring Suit If Evidence Is Sufficient

Irrigators who are careless and permit water to get away from them and run into the streets with damage resulting to the streets are going to be called to sharp account for their carelessness by the city council.

At the council meeting last night, Veils & Bressler, street paving contractors, called the attention of the council to conditions obtaining on West Fifth street.

The firm is engaged in putting down boulders on the street where the paving is not the full width of the street. Waste water has done considerable damage to new work being put in.

Water running along the edge of pavement undermines the foundation. This has been going on for a long time, said McPhee, speaking in general terms, and it has cost the city \$500 or \$600 to repair damage done by waste water, and he moved that the city attorney take up the West Fifth street complaint and sift the matter and see if evidence can be secured that would sustain a case in court.

In General  
A bill by the Orange County Engineering & Construction Company, covering expenses incurred by the company in preparing for paving West second street, was allowed as to all items except the \$150. The council granted a petition for paving the street and later caused the proceedings to be abandoned, after the company had done some of the necessary preliminary work.

City Engineer Bonebrake was instructed to make Custer street uniform from Washington to the north end. The east side converged to the west, making the street two feet narrower at the north than at the south end. Chas. Maxwell and father agreed to give two feet off their lots to straighten the street.

Application of G. T. Bundren for permission to open a horse and mule market at the corner of Second and Sycamore streets was received and referred to a committee composed of Greenleaf and McPhee.

Monthly reports were received, as follows: City marshal, showing \$553.85 collected for licenses; 73 arrests made, and 12 wheels reported missing.

Market Master Balderston, showing 26 different vendors at the market since opening.

City Recorder Heathman, showing \$68 collected in fines for violations of city ordinances, and \$312 for violations of traffic laws.

WILSON GETS EMBARGO POWERS THIS WEEK

WASHINGTON, June 5.—President Wilson this week will have full power to place an embargo on neutral nations found to be re-exporting American products into enemy territory.

The espionage bill, containing a full embargo clause, will be passed by both houses of congress, probably Friday, and ready for the President's signature Saturday.

While the government is silent on its embargo course, it is known a searching investigation has been going on for weeks to determine what neutrals are allowing American products to reach Germany. There have been strong intimations that at least two neutrals will feel the effect of the embargo almost immediately after the espionage bill becomes a law.

BATH SUIT LIMIT IS FIXED BY NEWPORT

NEWPORT BEACH, June 5.—Ordinance No. 133 regulating the wearing of bathing suits has been passed by the board of trustees. This ordinance provides that all persons wearing bathing suits on the public streets must don a coat, cloak, bath-robe or ulster, reaching to the knees unless going directly to, or returning from the waters of the ocean or bay. It also provides that the length of the skirt of any bathing suit or costume shall not be more than ten inches above the knees of the wearer. Provisions are made, however, for the wearing of bathing suits adapted to athletics and athletic sports such as swimming meets, contests or exhibitions when held by regularly organized clubs.

## LESS THAN HALF SUBSCRIBED FOR Y. M. C. A. FUND

Only \$60,000 of \$125,000 Fund Raised Up to Last Saturday Morning

Sixty thousand dollars of the state fund of \$125,000 being raised by the Y. M. C. A. for welfare work among the soldiers was in hand Saturday, according to announcement by the California War Work Council. Los Angeles has raised half of its goal of \$30,000; San Francisco has \$9,000 in contributions and is preparing to begin its campaign for a total of \$30,000 Monday, June 4.

Long Beach raised \$4,000 at a single meeting Friday night, and followed with a campaign for an additional \$2,000.

Efforts are being made to complete the Y. M. C. A. drive for funds before the Red Cross campaign in this state begins. Advances from New York today place the fund already raised at \$2,700,000. It is expected that considerably more than the \$3,000,000 sought will be raised.

Chairman William Sloane, of the National War Work Council, has announced that plans for the Y. M. C. A. work with the first expeditionary force to France are being completed. Tents and buildings fully equipped to carry on Y. M. C. A. activities are being arranged for the troops. Association buildings also will be erected at the 32 military training camps in this country as rapidly as they are needed.

The following cities have done their "bit" toward raising the Y. M. C. A. fund:

Los Angeles, \$17,000; San Jose, \$5,535; Long Beach, \$4,000; Berkeley, \$2,000; San Bernardino, \$1,040; Whittier, \$1,082; Stockton, \$1,152; Orange County, \$2,600; South Pasadena, \$800; San Pedro, \$785; Paso Robles, \$602; Chino, \$75; San Jacinto, \$325; Elsinore, \$200; Los Gatos, \$350; Eureka, \$235; San Francisco, \$9,000; Santa Barbara, \$4,335; Watsonville, \$1,220; Redlands, \$1,000; Salinas, \$1,800; Palo Alto, \$1,195; Santa Cruz, \$850; Hollister, \$850; Pomona, \$900; San Luis Obispo, \$300; Upland, \$454; Hemet, \$375; Gilroy, \$200; Ventura County, \$900; Alameda (city and county), \$700.

## MERCHANT SAYS COTTON MILL WOULD BE SUCCESS

Believes Southern California Merchants Would Be Loyal In Its Support

Announcement in the press last evening of the probability of Santa Ana securing one of the biggest manufacturing enterprises ever offered to the city aroused the greatest interest everywhere.

The location of a cotton mill here will bring many other small plants here and the site of a cotton mill would soon become an industrial center.

The investment of \$1,000,000 in the cotton plant and site, together with a monthly payroll of about \$50,000 would be a big boost for Santa Ana.

That the project could be made a success here, if proper railroad rates can be secured, is the general sentiment of those who have discussed the matter.

"It will be a big thing for this city, and I see no reason why it could not be made a success," said Herbert Rankin, of the Rankin Dry Goods Company, this afternoon.

"We do business with the only cotton mill in the state, located at Oakland, and we can buy its product down here as cheap as we can buy it at the factories in the East, saving the freight from the East. There is no reason why the same condition should not obtain with a factory here."

"I believe the entire output of a mill the size contemplated here could be taken care of through the jobbers of Los Angeles, and I also believe that Southern California merchants would be loyal enough to give the product of a Southern California plant preference over that of eastern mills."

"As to the Oakland mills, we get the very best grade of goods and we handle its cotton batting altogether, it being far superior to eastern grades."

## CELEBRATE ELECTION BY PLANTING 'SPUDS'

TACOMA, Wash., June 5.—Tacoma planted potatoes today, thus celebrating a local election. It was urged that every foot of fertile ground be utilized. Those who had no ground for planting were advised to go fishing.

LADIES' TAILORING

Special reduced prices until July 1. Have your suit tailored to your individual figure. Select materials and style wanted and have it made by an experienced tailor. Perfect fit and correct style offset the slight difference in cost between a tailor-made and an ill-fitting ready-made garment. Chas. Land, 109 East Third St. Phone 1350.

See the "Argonauts of California" at the Temple Theatre tonight and tomorrow.

## NATION'S YOUNG MEN RALLY FOR WAR SERVICE

(CONTINUED FROM PAGE 11)

machine guns and heavily armed men were held in readiness for instant despatch. Every man in the New York National Guard was under arms and held for instantaneous action. Federal and state legal agencies were primed and ready to begin the arrest of slackers one minute after 9 p. m., when the polls for registration should close.

In less comprehensive measure nearly all cities in the nation took New York's precautions. It was not expected that the day would pass without a few incidents where trouble makers, agitators, cranks or even German spies, might seek to interfere with the machinery of the draft. But every state and every city was prepared to deal vigorously with such malcontents and no serious trouble was anticipated.

Rain in Denver, Lincoln

The only cities which reported rain early today were Denver and Lincoln, Neb. It was cloudy and threatening in several western and middle west sections.

Particularly heavy registration was reported from Detroit, New York, Richmond, Atlanta, Boston, Cleveland and most of the other large eastern cities. The weather at all of these points was clear and sunny.

Provost Marshal General Crowder expected by noon to have a preliminary report from the governor of every state estimating the percentage of men registered to the state's total population and giving details as to any local troubles which might have developed.

In the first few hours of registration only one organized move on the part of big business to secure its employees from the draft had been made apparent. This was in the form of a telegraphic protest from New York, Chicago and other large cities that certain great public utility interests—telephone, gas, electric light and traction companies—were instructing their employees to claim exemption because they were employed in "public utilities necessary to the maintenance of the military machinery."

Officials here refused to indicate what decision they would make on such a plan.

Final revised estimates by the census bureau today divided the 10,244,869 to register today by states as follows:

363,589 California Total  
Alabama, 214,795; Arizona, 34,814; Arkansas, 15,473; California, 363,589; Colorado, 112,577; Connecticut, 158,287; Delaware, 29,825; District of Columbia, 36,931; Florida, 106,675; Georgia, 274,893; Idaho, 52,030; Illinois, 642,553; Indiana, 260,011; Iowa, 212,882; Kansas, 180,133; Kentucky, 204,998; Louisiana, 171,883; Maine, 63,579; Maryland, 126,290; Massachusetts, 377,285; Michigan, 328,154; Minnesota, 246,091; Mississippi, 177,606; Missouri, 326,091; Montana, 73,454; Nebraska, 129,953; Nevada, 16,569; New Hampshire, 36,578; New Jersey, 309,563; New Mexico, 34,382; New York, 1,100,208; North Carolina, 194,066; North Dakota, 77,040; Ohio, 498,896; Oklahoma, 125,325; Oregon, 108,150; Pennsylvania, 878,378; Rhode Island, 69,790; South Carolina, 137,861; South Dakota, 67,790; Tennessee, 196,479; Texas, 425,399; Utah, 45,489; Vermont, 36,862; Virginia, 211,339; Wisconsin, 212,624; Wyoming, 142,853; Wyoming, 27,320.

U. S. Agents on Alert

Early today the Department of Justice telegraphed orders to agents in certain districts and cities designated as "potential trouble areas," to be on the alert.

Warnings were sent to the local authorities in these districts to act authoritatively without awaiting Federal authority. Agitators and anti-registration speakers will be arrested without the formality of a warrant.

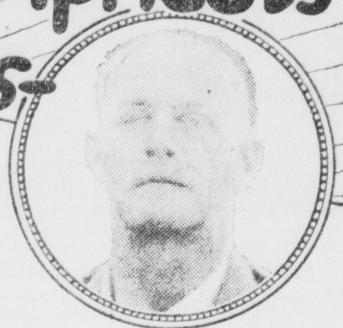

The entire party machinery of the major political parties was working in harmony with the local authorities in practically every precinct in the country.

Here's the way the reports of the stupendous military census will reach the national capital:

Up to Sheriffs, Clerks

Each registrar tabulates the returns of his precinct on a prepared blank and forwards the result to the sheriff—in cities of more than 30,000 to the city clerk.

## \$3500. crop of Apricots and Olives from 10 acres

Nuevo Land Co. Gentlemen:

You ask me to tell you what returns a man may expect from growing apricots on Nuevo Ranch. So far as growing conditions are concerned, the Nuevo Ranch is practically identical with Hemet, which is 17 miles from Nuevo.

I have seen one man on the Hemet tract take \$2800 worth of apricots and \$700 worth of olives off ten acres. The olives were off two borders. I can see no reason why apricots at Nuevo should not yield from 8 to 10 tons per acre. The price has averaged \$25 per ton for the past ten years. There is no reason why the future price should not be just as good, with a constantly expanding market.

Yours truly,  
Carsten Truelsen

## read what Carsten Truelsen says about NUEVO RANCH

REGULAR \$500 LAND (with WATER) at \$250 PER ACRE

—High, healthful elevation.

—Deep, rich, easy-to-work soil.

—Excellent water supply—a mutual system.

—One of the best fruit districts in the state.

—No rocks, no hardpan, no alkali.

—Olives, apricots, peaches and walnuts thrive to perfection.

—Two hours drive from Santa Ana.

—Will eventually develop into another Orange county.

—Adjoining improve d land worth up to \$1200 an acre.

—Every settler an enthusiastic booster.

—Not one discontented man in the valley.

—Nobody wants to "sell out."

Every American farmer should use all the cash and credit at his command to GROW MORE CROPS. Because the world's food resources have sunk desperately low, American farmers will be called upon to replenish the supply for years to come.

Now is the time to look about for good land offerings—now is the time to investigate Nuevo Ranch, the best land and water offering in Southern California.

Lloyd George says, "The world war is resolving itself down to a war among the farmers of the different countries now involved in the fight."

Send your name and address today (or call personally) for a free copy of our new booklet. This illustrated booklet is a real "eye-opener." It contains the signed statements of twenty ranchers—most of them former Orange County men. These men tell the plain unvarnished truth about Nuevo Ranch.

SANTA ANA OFFICE

402 North Sycamore St. Rossmore Hotel.

PHONES—Sunset 127, Home 65.

governor telegraphs the complete state returns to the provost marshal general's office here.

General Crowder today predicted that some returns would begin to come in during tonight but many of the western states and mountain districts may lag behind three or four days.

HUNDREDS IN SAN DIEGO SIGN WAR REGISTER

SAN DIEGO, June 5.—Perfect weather favored registration day here, and hundreds of young men registered during the early morning hours. Every whistle in the city was blown as the registration places opened at 7 a. m. and at 10 a. m. thousands gathered at the immense stadium where patriotic exercises were held. A regiment of artillery added a military touch to the scene. Stores and public offices were closed during the exercises and public buildings were closed all day.

REGISTRATIONS HEAVY IN ALL OF CALIFORNIA

SACRAMENTO, June 5.—Throughout California registrations are heavy. No part of the state has been disturbed.

SPY SUSPECTS FREED; PROMISE TO REGISTER

LOS ANGELES, June 5.—Arrested several weeks ago as enemy aliens and possible spy suspects, six German sailors were ordered released early today from the county jail by Attorney General Gregory. Their freedom was granted upon promise to register and that they will not attempt to leave the United States during the war. They may seek employment on ships engaged in coastwise traffic.

## PLAYGROUND IS GIVEN BOOST BY COUNCIL

(CONTINUED FROM PAGE 11)

there, and how the attempt had failed of results.

Miss Mary Toney, of the Federation, and one of those in charge of the summer playground movement, said that there was twenty-five acres in the big school site, and she thought that that portion of the site not devoted to school purposes should be utilized as a public playground. Suggestions and questions by her department of the fact that the city council had no jurisdiction over the school grounds, but that the school board had the power to set aside part of any school grounds for park or playground use.

Moves for Committees

McPhee moved that a committee of two members each from the Council, Chamber of Commerce and Merchants and Manufacturers' Association be appointed to co-operate with committees from the Civics Club and Federation in devising ways and means for establishing a permanent playground, to be maintained and controlled by the city. McPhee's motion included a promise of financial assistance to the Federation for the summer grounds. Miss

Taney stated that the Board of Education had provided for the equipment and that about \$360 would be needed to pay the supervisors of playgrounds.

McPhee and Greenleaf were named on the committee as representatives of the Council, Clyde Horton and A. G. Flagg for the M. and M. and Walter Vandermast and P. G. Beisel for the C. of C.

## BUSINESS BOOMING

The stock market is booming again. There is a tremendous volume of buying. Steel shares have shot up to incredible heights. Industrial securities are most affected, but the boom has extended to nearly every form of investment, including railroad stocks. When our inveterate pessimistic transportation interests start on the upward grade, there can be no more doubt.

"Business as usual!" has been a familiar slogan lately, intended as a verbal stimulant to industry and trade. But apparently no artificial stimulants are needed. From the judgment of the stock exchange, backed by the verdict of the country's leading financiers and captains of industry, business is going to be better than usual.

The billions of dollars to be spent for war supplies for ourselves and our allies have already made themselves felt. The nation is as busily at work as a hive of bees or a colony of ants, and will remain so. There is no prospect whatever of "dull times." Everything points to a period of unparalleled activity and prosperity while the war lasts, especially in manufacturing and farming districts. And afterward there will be such a vast amount of reconstruction necessary in every belligerent country, and such a demand on America for raw materials and machinery, that, according to expert views the boom may extend for two or three years beyond the war.

## BRAZIL'S AMERICANISM

Brazil knows precisely what she is about. She has passed calmly from a state of nominal neutrality to a state of war.

"Brazil declares war on nobody," says Foreign Minister Picanha, explaining his government's failure to make a specific declaration. "Brazil defends herself. It is Germany which declares war on all neutrals." Wherefore Brazil, having neither more nor less cause for belligerency than the United States, enters into thorough understanding and co-operation with us.

Brazil recognizes us as the most powerful of American republics, and therefore the natural leader in defending the freedom and upholding the ideals of this hemisphere.

"We are aligned with and for America," says one of the big Rio newspapers. "We have become deliberate collaborators in American policy," says another. And he it noted that by "American" they do not mean "Yankee." They mean "Pan-American." They have come to regard all North and South as a unit, whose rights and liberties every member of the American community of nations is in duty bound to help maintain.

This same heaven is working in Argentina, in Chile, in Peru, in Bolivia and nearly all the other important South American countries. Cuba and two or three Central American nations are already formally aligned with us. Mexico has seen a new light, and is turning from frank hostility toward the United States to benevolent neutrality. Eventually we may expect to see all Latin-America fall into line.

## PAPER MILK BOTTLES

Paper milk cartons are being tested in the office of the chief inspector of pure food and drugs at Columbus, Ohio, with a view to using them instead of glass bottles. This may surprise people who thought it was hard enough to get paper to supply the previously known needs, without diverting any of the supply to new purposes. But it seems that however high-priced paper may be, labor is still higher, not to mention glass. And it is cheaper to buy paper milk bottles, use them once and throw them away, than it is to collect and sterilize the glass ones.

Also, of course, the paper in the cartons can be reclaimed and used again for making still cheaper grades, as is now done with old newspapers and magazines.

Whatever other results the war may have, it is certain to make many changes in the economic world. Necessity and the high cost of things produces substitutes. If paper milk

bottles prove a success we will wonder why they were not in use long ago.

## With Malice Toward None

By Henry James

A Big Contract  
"I'll wreck the power of the press of this city, so help me God, or I'll make it clean!"

So stated Councilwoman Lindsey of Los Angeles at a recent public meeting, and seemed to be very earnest about it.

That's throwing the gauntlet down all right. But it is a matter of friendship to suggest that the job is a big one, and that several have assayed it without marked effect.

Tossing a moral monkey wrench into the cogs doesn't seem to stop them.

## Porpoise Meat

Proposal is made that porpoise meat be utilized as food, and perhaps it is a good idea.

At least it might revive the old habit of utilizing porpoise skins as material for shoestrings, thus adding much to the joy of life, for they were good strings.

## Diagram Wanted

According to dispatches, a great-granddaughter of Washington has just passed away.

The Washington family record, as generally accepted, gives George credit for being the father of a country. How he managed to have a great-grandchild without the almost essential links of child and grandchild would be interesting enough to stimulate the printing of a diagram.

## Conscience

Sometimes aversion is made that conscience no longer is acute, and the world steadily drifts deeper into sin. Opposed to this is the circumstance that a Monrovia woman returned a stolen umbrella the other day.

## Being Free

Poland must have been greatly cheered by the information that it was to be free, and that the kaiser would appoint a nice king for it to keep the freedom in good repair.

Serbia and Belgium also have been made free by the same benign authority, and a dose of freedom of the same kind gladly would be extended the United States.

## No Real Obstacle

Mormons will enlist freely if permitted to be garbed in the style of underwear prescribed by their church. Anything, so long as they wear it beneath their uniforms.

## On Another Roll

In contrast with the Catterson woman who desires to head the list of disloyal comes now Mrs. Finney of Santa Monica.

Mrs. Finney has two boys in the navy and one in the army, and would have had more, only she happened to run out of boys. Mrs. Finney is proud of the lads, and doubtless will excuse even a stranger for being proud of her.

## The Bean

Baseball leagues have put the ban on the beanball. Perhaps it is necessary to explain that this ball is one directed at the bean, and that the dome of a player is called a bean, save in the instance when it is characterized as ivory.

Pitchers who observe the tide of fortune to be turning against them are wont to dam the flow by beaming the batters of the opposition, which is to say that instead of putting the ball where there is possibility of hitting it they put it just northeast of the ear of the man at the plate.

This isn't sport, but it is good practice for a lot of huskies likely soon to be pitching hand grenades.

## Corner on Crow

Two enterprising residents of Berlin recently perfected a corner on crow. They went to jail for it, and paid a fine.

A corner on crow is just as reprehensible in the circumstances over there as a corner on wheat would be on this side.

## Rockefeller's Millions

Mr. Rockefeller has just added \$25,000,000 to his justly celebrated and perhaps justly suspected foundation. To the mind of the citizen who has appreciably less than the sum mentioned to bestow, the purpose of pouring more millions into this concern is not clear. It seems to him that Mr. Rockefeller is merely sequestering a part of his wealth where it will be taxproof now and evermore; that by seeming not to gather the income of these particular millions he will sidestep the necessity of bearing his just share of war expenses.

But this may not be giving Mr. Rockefeller a square deal. Heaven forbid that one so accustomed to square dealing be accused unfairly. Of course the citizens who classify themselves as conscientious objectors may be that.

## MRS. ABBIE KREBS IS BOOSTING BOND SALE

SAN FRANCISCO, June 5.—Mrs. Abbie Krebs, as chairman of the Women's Committee on Liberty Bonds, is devoting her time to the promotion of bond sales in Northern California, among the women. Mrs. Krebs was appointed chairman for the northern part of the state last week.

## N. Y. ELKS IN SESSION

UTICA, N. Y., June 5.—New York state Elks convening here engaged in business sessions today, while the visiting ladies noted over a 50-mile route. A barbecue is scheduled for tonight.

## JUST WHAT SHE NEEDED

—When women complain of weariness, loss of strength and vitality, backache, pains in sides and hips, dull headaches, dizziness, floating specks, and similar ailments, they too often accept these troubles as their lot because they are women, when the ailments may be the results of disordered kidneys. Mrs. Mary V. Bunker, Milton-on-the-Hudson, N. Y., writes: "I am now on my second bottle of Foley Kidney Pills. They seem to be just what I needed." Try them. Rowley Drug Company.—Adv.

## IF YOU DON'T SEE

## "WOMANHOOD THE GLORY OF A NATION"

you are failing to perform a patriotic duty. Suggested by Col. Roosevelt and endorsed by the United States Government.

TONIGHT  
TOMORROW

WEST END THEATER

Three shows daily, pictures start matinees 2:30, evenings 7:15 and 9:10 p. m. Although this picture is being shown all over the country at prices from 25c to \$1.00, our prices will remain the same as usual—Adults 15c; Children 5c.

## LIBERTY LOAN FACTS

## The Three Requirements of a Good Investment

The three cardinal requirements of every investment, particularly bonds, are Safety, Marketability and Return.

How do these requirements apply to the Liberty Bonds?

**Safety**—Behind the U. S. National debt of about 3 billion dollars (including this issue) is an estimated wealth of 250 billion dollars. Our present debt per capita is about \$30 as compared to a debt per capita before the war of \$162 in France and \$75 in Great Britain. Our wealth per capita is now estimated at about \$2500, as compared with \$1750 in Great Britain, \$1519 in Germany and \$1522 in France. Our yearly income is estimated at about 400 times the annual interest charges on our total debt, including the present 2 billion dollar issue.

**Marketability**—United States Government Bonds have always commanded an immediate market even in times of great financial stress. They are so salable that they are known among bond houses as about the only bonds that "can be sold on Sunday." The conversion privilege of the Liberty Bonds allows the holder, without expense to him, to exchange his bonds into any new bonds issued during the war bearing a higher rate of interest. Such a privilege makes it practically certain that in the event of the government issuing more bonds, which must be sold at par, the holder of this issue will then be able to get par for his bonds. In the event of the war ending in a reasonable time, these bonds should then sell considerably above their present price.

**Return**—In view of their safety and marketability, it is self-evident that the Liberty Bonds, free of all taxes except inheritance tax and paying 3½% and perhaps more, yield a fair return.

## Who Dies, If Freedom Lives?

Minneapolis Journal

Speaking of the destruction of his nations and of mankind, justice and country's manhood in the war, M. Hovelacque, of the French Mission, said in Kansas City:

"We are only perishable symbols. What endures is that thing which is France."

One of the lines of Kipling's poem at the opening of the war that remained longest in the mind expressed the same great idea:

"Who dies if England lives?"

In this great idealism, the war rises above personality and becomes noble and vivifying. Those who, animated by this sentiment, give themselves to it heart and soul, rise above personal feeling and personal fears, and are inspired by the thought that their efforts, even to the point of death, are not for an age but for all time. Thus they save their own souls. The happiness and freedom of unborn generations are depending upon their efforts and their sacrifices. The Japanese fleet went into its great battle with the Russians seriously considering this sentiment at the Admiral's masthead:

"The fate of our empire depends upon this action."

So today there is hardly an allied soldier fighting in France who does not feel that the freedom and fate of the entire world depends upon "this action."

In thus rising above the realm of the merely personal, the government of the United States has undergone a thorough revolution. Instead of living longer within the confines of its own continent, for its own benefit, it has become cosmopolitan and impersonal in spirit and in action. Humanity is its sphere, brotherhood of

## AMUSEMENTS

## At the Temple

To persons unfamiliar with the history of San Francisco and the early gold camps, the sight of heaps of gold dust so carelessly displayed in the various scenes of "The Argonauts of California," the ten-reel picture epic of the days of '49, presented at the Temple Theatre, tonight and tomorrow, may be a bit puzzling. Such scenes, however, are not in the least exaggerated for in the years which immediately followed the great discovery, gold dust was a medium of circulation and was everywhere in evidence.

The circulation of both "dust" and coin was very great. Fifty cents was the smallest fee for any service no matter how trifling and no article no matter how insignificant, was offered for sale at less than 25 cents. Thirty dollars a week or \$8 a day was the price of good board and lodging.

A curiosity of today is the old California "slug" or \$50 gold piece, an octagonal disc nearly as large as the palm of one's hand. In the days when "The Argonauts of California" pictures, however, these were so common that ordinary laborers and boot-blacks had them in plenty.

In addition to its thrilling incidents, its love story, "The Argonauts of California" possesses great educational value because of its perfect reproduction of historical events which marked the early annals of San Francisco and the Pacific coast.

## Real Estate Transfers

(Furnished by the Orange County Title Company.)

Virgil O. Stearns, 19, Santa Ana, and Hattie C. Kirkland, 18, San Diego.

Ellery K. Files, 28, Cincinnati, O., and Fay N. Myers, 28, Orange.

See the "Argonauts of California" at the Temple Theatre tonight and tomorrow.

## STEPPED ON THROTTLE AT THE WRONG TIME

While taking a lesson in the operation of an automobile yesterday afternoon, E. G. Hertert, business man of Orange, steered his car into an Overland standing near the curb on an Orange street, and damaged it considerably. The Overland belongs to T. E. Dozier of Orange.

Hertert recently purchased a Cadillac and was driving this machine when he had the mishap. The Cadillac was only slightly damaged.

The collision was the result of the driver stepping on the throttle at the wrong time.

"So you lost your watch? Did you report it to the detectives?" asked the friend.

"Yes. Just came from headquarters," answered the man.

"Got any suspicions as to who took it?"

"I didn't have until after the sergeant got through questioning me about it. Now I suspect myself of stealing it."

## TRAVEL LUNCHEON

## Memorable Occasion Members' Verdict of Meeting at Mrs. J. E. Paul Home

Mrs. J. E. Paul was hostess at a social meeting on Monday afternoon of Travel Section No. 2, and all present voted this one of the memorable occasions of the year. After roll call and a brief business meeting, the guests listened to a beautiful song by Mrs. F. W. Slabaugh and this was followed by the presentation of a souvenir spoon from the club to Mrs. W. A. Zimmerman, who leaves this week for her new home in Salt Lake City.

Mrs. John Clarkson made a graceful presentation speech and Mrs. Zimmerman responded briefly and feelingly.

Mrs. J. E. Gowen was fortunate enough to have an anniversary of importance on this day and her fellow club members presented her with a beautiful pair of Japanese candlesticks.

A guessing contest came next and Mrs. J. N. Bartholomew succeeded in naming the greatest number of states which were planned about on the walls, and was rewarded with a Japanese souvenir.

Light refreshments were served at the close of the afternoon.

Mrs. C. F. Crose presided in the absence of the leader, Mrs. Geo. Balderston, and the assistant leader, Mrs. J. R. Medlock.

Guests were Meses. Tople, Clayton and Quirk.

Members present were Meses. Anderson, Baker, Bartholomew, Bloo, C. W. and E. B. Burns, Crose, Clarkson, S. M. and A. L. Dearing, Emerson, Gowen, Lamme, Liebich, Moulton, Paul, Slabaugh, Zimmerman, Meses Taylor and Talbot.

New member admitted was Mrs. E. E. Keech.

## —O—

## Church Picnic

The pastors of the city are planning a picnic for Wednesday, June 27, at Orange County Park. All the city ministers, with their wives and families, are looking forward to a gay time.

## Ideal Gifts for the Graduate

We have an unusual display of articles for the occasion, and suggest a few of the most appropriate.

Diamond Rings  
La Vallieres  
Brooches  
Pearl Beads  
Waldemar Chains  
Sleeve Buttons  
Scarf Pins  
Silver Belt Buckles

We also have the Gruen Watch, the most beautiful watch made, accurate and reliable time-keeper, either in the smallest wrist or 12 size thin gentlemen's watch.

## YOUR NICHE

There's a niche for you in the world, my boy,  
A corner for you to fill,  
And it waits today  
Along life's way  
For the boy with a frank  
"I will."

So, lad, be true;  
The world wants you  
In the corner that you may fill.  
There's a niche in the world for you, my girl,  
A corner for you to fill;  
For a girl that is kind,  
With a pure, sweet mind,  
A place that is waiting still,  
So, lass, be true;  
The world wants you,  
In the corner that you may fill.

There's a niche for you both in the world, my dears,  
A corner for you to fill,  
And a work to do  
Which no one but you  
In God's great plan can fulfill.  
So, dears, be true;  
The world wants you,  
And your place is waiting still.  
—Lutheran Woman's Work.

## DELTA ALPHA CLASS

## Pleasantly Entertained Last Evening By Miss Virginia Johnston

The Delta Alpha class of the First M. E. church was entertained last evening by Miss Virginia Johnston at her home at 623 East Sixth street. Shasta daisies and carnations were used to great advantage as decorations.

The business meeting was presided over by the president, Miss Bertha Briney, after which Miss Minnie Wild and the hostess entertained with some beautiful selections on the piano.

A letter from Richard Ortiz was read. Richard is a Spanish boy being educated by the class.

Fancy work and a general good time then claimed the attention of the company.

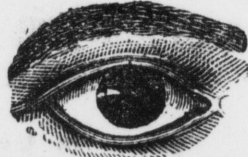

The refreshments were chocolate and wafers and were enjoyed by all.

Those present were Meses. Olive and Bertha Briney, Lillie and Lena Confer, Myrtle Meyer, Nellie O'Brien, Mable Nelson, Esther Hennickson, Tessie and Cora Winter, Verna, Edna Knoll, Minnie Wild, Cora Craig, Miss Wolf and Miss Simonson, Mrs. Zoe Williams, Mrs. Bertha Murphy and Mrs. Jessie Craig.

## FINE LECTURE

## Mrs. Lillian Burkhardt Goldsmith Speaks Here Under Ebells Auspices

A lecture given by Mrs. Lillian Burkhardt Goldsmith of Los Angeles at the recent state convention at Pasadena entitled "A New Conception of Civics," was given here last evening at Intermediate assembly under the auspices of the Ebells to a good-sized audience.

Mrs. C. F. Crose, president of the Ebells, presided during the evening and the program opened with the singing of "America," with C. A. Gustlin at the piano and Mrs. T. A. Winbigger leading.

Mrs. Crose introduced Mrs. Goldsmith briefly and she prefaced her lecture with a reading of a little play, "The Marriage Game."

Mrs. Goldsmith touched on many points that have always been "hot spots" along civics lines and which hinder the building of an ideal democracy. Race segregation was taken up and the situation in East St. Louis mentioned. Said Mrs. Goldsmith, "Jesus Christ died for black and white alike." The world should be everyone's country.

Little by little it is coming to pass that people are not judged by their riches and a new social spirit is being born.

Immigration was also touched upon and the steps that should be taken to teach the alien how he may become a citizen and to make his life more liveable. American children should be taught that they have a mission to tell of freedom and what the Statue of Liberty means, made as it is by the skill of foreign brains and fingers.

Mrs. Goldsmith paid high tribute to President Wilson. There should be a new conception of patriotism. Even America is becoming brutalized since the dogs of war have been let loose. Public opinion should be enlightened and education in its broadest sense be brought about.

The last point made as to civic changes was that of prostitution, which Mrs. Goldsmith handled plainly and without gloves, showing that not charity but justice is needed. "Until a sisterhood of women is accomplished," says she, "there can be no brotherhood of man."

## —O—

## ANNUAL CONVENTION

## Twenty-fifth Meeting of Women's Home Missionary Society, San Diego District

The twenty-fifth annual convention of the Women's Home Missionary societies of the San Diego district, will be held in the First Methodist church Thursday and Friday of this week.

One of the principal speakers will be Rev. B. S. Hayward, D. D., who was one of the speakers at the Chautauqua a year ago and was greatly enjoyed. His subject will be "Under the Palms in Porto Rico" and will be given Thursday evening.

The following is the program:

## Thursday Morning

10:30—Devotions, Mrs. F. G. Watson.

10:45—Greetings, Mrs. S. M. Davis. Response, Mrs. C. E. Byrkit. Appointment of Committees.

11:00—News From the Field. Our Indian Mission, Mrs. A. L. Jackson; Japanese Work, Mrs. A. Haeblerlin; San Diego Industrial Home, Mrs. W. J. Jones; Our Publications, Mrs. M. A. Foyle; Supplies, Miss Harriet C. Beckwith; Christian Stewardship, Mrs. J. L. Marshall.

11:30—Our Work at Los Angeles Harbor, Miss Nellie Sanborn; Offering; Introductions; Noonday Prayer.

## Thursday Afternoon

1:30—Voluntary; Quiet Hour, Mrs. A. Haeblerlin.

1:50—Auxiliary Reports: Anaheim, Artesia, Banning, Brawley, Corona, Escondido, El Centro, Fullerton, Garden Grove, Hemet, Holtville, High Grove, Huntington Beach, La Mesa, La Habra, National City, Oceanside.

2:30—Music, Mrs. T. A. Winbigger; Reports of Secretary of Spanish Work, Mrs. Walter Jones.

2:45—Our Frances M. De Pauw Industrial School, Miss Jennie Matthias.

3:00—What Mexican Women Are Doing for Themselves, and How American Women Can Help, Rev. Vicente Mendoza.

3:20—Report of Secretary of Young People, Mrs. O. L. Moorman; A New Program for a New Year, Mrs. Daniel Dundas.

3:50—Queen Esther Reports: Garden Grove, High Grove, Orange, National City, Riverside (let), San Diego (let), Santa Ana (Q. E. C.), Santa Ana Y. W., San Jacinto, Wintersburg; Offering; Benediction.

## Thursday Evening

7:30—Devotions, Rev. H. W. Peck, D. D.; Music; Address, Under the Palms in Porto Rico, Rev. B. S. Hayward.

## READ WHAT SECRETARY M'ADOO SAID IN NEW YORK CITY LAST NIGHT

\$10,000,000,000  
Will Be Spent In America This Year

Ten billion dollars to be spent during the coming year by the United States and the Allied governments for the products of American farms, mines and factories, Secretary McAdoo declared, will bring to the country the greatest prosperity in its history.

"Some people profess apprehension about future of business," said Mr. McAdoo. "Why, gentlemen, prosperity in the next twelve months will be greater than it ever has been in our history. You cannot prevent it if you try. The only thing that would stop prosperity would be the refusal of the people to support the reasonable measures of taxation that are needed and to buy the bonds of the Government."

Prices on all goods in our line are lower now than they will be for a long time to come; even if the war was to end tomorrow.

## Vandermast &amp; Son

wood, D. D.; Offering; Benediction.

## Friday Morning

9:30—Communion Service, Conducted by Rev. H. W. Peck.

9:50—Reading of Minutes, Mrs. W. Ayers; Auxiliary Reports (continued), Oceanside, Orange, Riverside (let), Riverside (Arlington), Riverside (Grace), Santa Ana, San Diego (let), San Diego (Central), Santee, San Marcos, San Jacinto, Seelye, Westminster, Wintersburg.

10:50—Report of Secretary of Hospital, Mrs. E. W. Hadley; Address, Home Missions and Hospitals, Rev. Alfred Inwood, D. D.

11:20—Perpetual Membership, Mrs. M. M. Northrop.

11:30—Report of Secretary of Evangelism, Miss Clara Richmond; Covenant Service, Mrs. I. Jewell; Offering; Noonday Prayer.

## Friday Afternoon

Voluntary.

1:30—Quiet Hour, Miss Clara Richmond.

1:45—Report of Corresponding Secretary, Mrs. C. W. Burns.

1:55—Election of Officers; News From the Field; Our Deaconess Work, Mrs. T. P. Jayne; Temperance, Mrs. Belle Rogers; Press, Mrs. F. V. Pruitt.

2:20—Our Duty to the Immigrant, Mrs. M. M. Northrop; Music, Miss Holly Lash.

2:35—Report of Secretary of David and Margaret Home, Mrs. Mary Day; A Voice From the Home, Miss Barton.

2:50—Report of Secretary of Children's Work, Mrs. W. W. Ayers; Our Little Folks, Mrs. J. L. Sharrar.

3:10—Treasurer's Report, Mrs. A. R. Hay; Report of Committees; Reading of Minutes; Benediction.

## —O—

**Jolly Birthday Surprise**  
Charles Adams of 1501 Spurgeon street was agreeably surprised last evening, when a crowd of jolly young people, who remembered that the young man had a birthday, walked in upon him.

They were just in time to catch him as he was preparing for a night trip to the beach fishing.

The evening was spent with games and various amusements until a late hour, when cake and punch were served. A beautiful birthday cake mysteriously appeared before the surprised host and he was requested to make his wish before blowing the candles out. The ceremony was very solemnly performed, to the amusement of all concerned.

Those present beside the host were Mr. and Mrs. T. B. White, Mr. and Mrs. Claude Nelson, Meses Azelen Shallenbarger, Lola Luella, Lily, Lietha Robinson; Mrs. Robinson, Mrs. M. L. Adams, Meses, Delbert Elliott, Van Van Hay, Robert Robinson, Meri Long, Ray Gruell, Charlie White, and Mrs. Gladys Adams, who had been secretly assisting the crowd in the surprise upon Mr. Adams.

STEARN'S-KIRKLAND  
Interesting Home Wedding At Groom's Home, Young People to Join Red Cross

Virgil O. Stearns, son of Mr. and Mrs. M. B. Stearns of North Ross street, and Miss Hattie C. Kirkland of San Diego hurried their marriage so that they could sooner enter Loma Linda sanitarium to take up the Red Cross work there.

The quiet marriage was solemnized yesterday at 1 o'clock at the home of the groom's parents, Mr. and Mrs. M. B. Stearns, on North Ross street. Elder Andrew Mead, the groom's grandfather, officiating. Only relatives witnessed the nuptials.

The home was decorated with roses, lilies, sweet peas and ferns and the young bride wore a pretty gown of white voile and carried a shower of sweet peas and lilies.

A wedding luncheon was served after congratulations had been showered upon Mr. and Mrs. Stearns and a house picture was taken.

The young couple then departed for Loma Linda, accompanying Mr. and Mrs. H. E. Hibbard in their automobile.

## —O—

**Family Birthday Dinner**  
Mrs. F. I. Doyle arranged a very pleasant family gathering last evening in honor of the birthday of her husband at their home, 217 South Main street. The table was centered with sweet peas, covers being laid for Mr. and Mrs. Doyle, the latter's parents, Dr. and Mrs. J. P. Doyle, Miss Marian Doyle, Mr. and Mrs. Edwin Benedict, Miss Sarah Burton and Mrs. C. A. H. Kopplin of San Diego.

## —O—

**Veteran Rebekahs Meet**  
The Veteran Rebekahs enjoyed a very delightful meeting last Friday afternoon at the hospitable home of Mrs. E. L. Tiede on South Main street. Mrs. Tiede and Mrs. J. L. Harris being the genial hostesses.

Twenty-two Veterans were present and in anticipation of their coming, the rooms were effectively decorated with carnations, roses and greenery.

As the time passed away happily with conversation, busy fingers fashioned garments for the maternity box. The sick members reported better were Mrs. Bartling and Mrs. Whitney, Mrs. Bradley still being very sick.

A collection was taken for philanthropic work and at the close of "a perfect day," the hostesses served tempting refreshments.

—The Ladies Guild of the Church of the Messiah will hold a Bazaar in the Parish hall, the afternoon of June 6, when a variety of aprons, handkerchiefs and fancy work will be offered for sale. Ice cream and cake will be served for 15 cents and there will also be a tea table. The public is cordially invited.—Adv.

## OPERATION WAS SUCCESSFUL

Louis Robinson, son of Mr. and Mrs. W. K. Robinson of Trabuco, successfully underwent an operation for appendicitis today at the Santa Ana Hospital.

## Personals

Miss Ida Christney of Hollywood was here from Friday until yesterday a guest of Mr. and Mrs. L. M. Doyle.

George C. Perkins of Newark, N. Y. is here upon a visit to his parents Mr. and Mrs. C. H. Perkins, and brother, A. J. Perkins. He will visit here for two or three weeks. The visitor is a wholesale nurseryman a Newark.

Mr. and Mrs. H. T. Trueblood returned last evening from a two-weeks trip through the central and northern parts of the state. They went as far north as Woodland, in Yolo county going the valley route and returning the coast route. They visited the old friends, N. M. Chaudler and family, at Woodland. They visited many of the larger cities on the route going and returning, stopping a few days in San Francisco.

Howard Turner, assistant cashier of the Farmers' and Merchants' National Bank, returned last night from the officers' training camp at the Presidio and will resume his duties at the bank tomorrow. He went to Hemet today to visit his mother.

Miss Gertrude Montgomery spent today in Los Angeles.

## KATELLA EXERCISES HELD

A large crowd assembled at the Kateella school house to see the graduation exercises. The program was splendidly arranged and excellent, carried out. The exercises were quite novel in many respects, varying from customary graduating exercises which often grow tiresome and monotonous. Dr. W. M. Chambers presented the diplomas to the graduates, who were Lucile Baumgartel, Anna Bischoff, Theodore Corcoran, Grant Ferguson, Elmer Hamilton, Dallas Head, Redd

**LEGAL BUSINESS AT STANDSTILL AT COURT HOUSE**  
Supervisors O. K. Regular Monthly Demands and Office Forces Work  
Although all offices at the court house were closed today for legal business the forces of most of the offices were busy at work catching up with their work.  
Four members of the Board of Supervisors were on hand putting their O. K.'s on demands in their respective districts. The work is being done officially.  
Regular business will claim the attention of the board tomorrow and the members are a day ahead in their work by checking up their demands today.  
The offices of County Clerk Williams and District Attorney West were rather busy places, answering numerous questions arising through the registration of men within the ages for conscription.

**CHAUTAUQUA MAY CO-OPERATE IN LYCEUM COURSE**  
Lyceum Committee Suggests Combining With Chautauqua Committee In Entertainment Work  
A lyceum course with a program of four or five numbers of the very best class of entertainment obtainable will be arranged for the winter under the auspices of a Lyceum-Chautauqua committee if plans suggested yesterday are carried to completion.  
The Lyceum Committee met yesterday afternoon, and action was taken looking to a combining of the two in securing a lyceum course.  
Members of the committee present were Prof. Cranston, Rev. J. A. Stevenson, Harry Hanson and D. K. Hammond. Glen Tidball, another member, was unable to be in attendance. Prof. McMath and Ralph Brett, two of the members, have moved from the city and the committee decided that it would be best for the success of the course to interest the Chautauqua committee in the work.  
President A. B. Gardner of the Chautauqua guarantors was present and gave the plan his personal approval, but made no definite promise of co-operation.  
He will call the guarantors together in a few days to consider taking up the lyceum work.  
Representatives of the Redpath and Pond Lyceum courses were present at the meeting and presented courses which each is putting out this season. It was the sentiment of the Lyceum Committee that the program should be limited to four or five numbers of the very best entertainments obtainable.  
Alice Neilson, the Ben Greet Players and Schumann's Quintet were among the Redpath listings that were discussed for the course.  
The Lyceum committee has \$50 on hand, left over from the course of last winter. It is proposed to appoint a lyceum-chautauqua committee and to keep the lyceum funds separate from the Chautauqua.  
**STOPPED HIS BACKACHE**  
—George Lawrence, railroad fireman, Kittrell, Miss., writes: "I used three one-dollar bottles of Foley Kidney Pills when I was so sick I hardly could stay on my engine. My back ached all the time; my kidneys acted sluggish; dull headache; felt sleepy all the time; nervous; had to rise six to eight times each night. Foley Kidney Pills cured me." They strengthen the kidneys so they can filter out of the blood the uric acid and other poisons that cause rheumatic pains, backache, stiff joints and sore muscles. Rowley Drug Company.—Adv.

**ORANGE COUNTY SUPERVISOR IS BENEDICT**  
William Schumacher of Buena Park Married At Santa Barbara Yesterday  
County Supervisor William Schumacher of Buena Park is a benedict today, having deserted the ranks of bachelorhood yesterday at Santa Barbara, when he was united in marriage to Miss Lulu Steele Crum of Compton.  
The ceremony took place in the bridal suite at the Hotel Potter, which had been prettily decorated for the occasion, at noon, with members of the families of the contracting parties present and Mr. and Mrs. T. B. Talbert of Huntington Beach. The bride couple departed from Santa Barbara following the wedding dinner at 2 o'clock for an automobile tour of the northern part of the state, and may go into Oregon before returning.  
The bride has been employed in the sheriff's office in Los Angeles for the past eight years, where she was very popular with court house attaches. Her father and mother reside at Compton.  
Schumacher is one of the most popular young men in the Buena Park section and during his term as supervisor has made many friends in all parts of the county.  
Those attending the wedding were Mr. and Mrs. Crum, Van Crum and Miss Mabel Crum, brother and sister of the bride; Mrs. Price, mother of the groom, and Miss Kaltmeyer, cousin of Mr. Schumacher, and Mr. and Mrs. T. B. Talbert, of Huntington Beach, Mr. Talbert being chairman of the Orange County Board of Supervisors.

# U. S. YOUNG MEN SIGN FOR WAR

## VAST MACHINERY FOR OBTAINING SOLDIER LIST IN MOTION

In Every City, Town and Hamlet of Country Young Men Respond

WASHINGTON, June 5.—The manhood of the nation offered itself before the altar of democracy today.

In a wonderful outpouring of patriotism such as the country has never seen, ten millions of men are giving themselves to the service of their flag.

From the teeming cities of the east, through the wide stretches of the middle west to the Pacific, from every city, hamlet and remote cross-road, the millions are streaming to the polls to place their names on the "list of honor."

Every home—the millling tenement and the lonely farmhouse—is offering its sacrifice.

The whole nation is stepping forward to volunteer. It is a stern holiday of sacrifice—one of the most momentous days in the history of the country.

Polls Open at 7 A. M.

At the hour of seven o'clock the polls opened at the regular voting places throughout the country. Men began streaming to the polls to procure their registration certificate—the badge of their offer of service.

In some states the day assumed the air of a festival. The cities were in gala attire with flags flying and the streets filled with townspeople stirred by the spirit of the day. Patriotic speeches and parades featured the celebration in the middle western states.

In many towns whole families went to the polls with their loved ones—mothers bravely led their first-born to offer them for the cause of democracy.

Only estimates can be made of the number of men that are registered today. Officials of the census bureau placed the number at over ten million—one of every ten souls in the nation. Until the totals are in—and it will take days to complete them—the officials cannot tell.

Absentees Send Cards

Every man between the ages of twenty-one and thirty-one is to present himself at his polling place before nine o'clock tonight. From hundreds of cities the registration cards of absentees and wanderers were pouring into the county clerks today.

In this nerve-center of the nation the men who constructed and set into motion the gigantic machinery of the registration sat back to watch it work. With few hitches the task went on with the precision of a machine.

At least a dozen states of the central west had made every preparation for the registration days before and at the stroke of seven were ready. Others had various difficulties.

This is the working of the machinery in every precinct and county of the United States.

As each man presents himself at the polls his answers to the questions are recorded, he is given a certificate of registration, after the closing of the polls the reports are forwarded by the registrar to the county clerk or sheriff, in turn they are compiled and filed to the Governor, after another compilation the results are telegraphed to the office of the Provost Marshal general in this city.

To Run Down Slackers

After today the local authorities have another task—that of running down the "slacker" or non-registrars, id checking up on false registrations, they will get little mercy. A long term of imprisonment with no alternative is provided. Meanwhile the local exemption cards are to begin at once sifting out id selecting the men that are needed home for the efficiency of the military machine.

## CONVICTED TEUTON PLOTTERS TO START U. S. PRISON TERMS

SAN FRANCISCO, June 5.—Franz Bopp and Eckhardt H. Von Schaack former German consul general and vice consul here, came to San Francisco today to talk with their attorney, Theodore J. Roths.

Since their conviction of violating American neutrality they have been in a detention camp on Angel Island. They were sentenced on Jan. 22 to two years imprisonment.

Bopp and von Schaack probably will begin serving their sentences at once. This is believed to be the object of their conference with Roths. They figure that their imprisonment as "enemy aliens" may last as long as their prison sentences, and they might as well be in a federal prison as in a detention camp.

## 1000 ON GUARD AGAINST RIOTS IN ANGEL CITY

LOS ANGELES, June 5.—With the sun beating a weak attack against a solid bank of gray clouds, but with no apparent immediate danger of rain, registration day that will see approximately 60,000 of Los Angeles male citizens submit themselves for selective military service, opened here today—with 1000 men on guard.

The force to enforce order and protect against anti-conscription or anti-registration riots is composed of the police department, deputy United States marshals, a detachment of California Coast Artillery and deputy sheriffs. Twenty-five powerful automobiles and forty-six motorcycles are at the disposal of Chief of Police Butler and Sheriff Cline, who are in charge of policing the city.

As the polls opened throughout the city men were there—ready for the first opportunity to "do their bit." Scores of early risers crowded the downtown registration places, eager to register and be on their way to work. Although proclaimed a holiday by Mayor Woodman, not all business is observing it as such.

That, if trouble grows out of registration, it will come from the Mexican element, is the joint opinion of Chief Butler and Sheriff Cline.

"A great number of Mexicans have crowded in here the last few days," Cline said. "Most trouble may be expected here, as many are I. W. W.'s and anarchists."

## GATHMANN, INVENTOR OF 'BIG BERTHA,' DEAD

WASHINGTON, June 4.—The man who, unknowingly, was indirectly responsible for German successes in Belgium at the beginning of the war, Louis Gathmann, is dead here. He was the inventor of the "Big Berthas," as the giant howitzers with which the Kaiser's armies crumbled such fortresses as those at Liege and Namur, are called. Though the product of his brain was a thing of terrific power, Gathmann had in many ways the heart of a child. The "Big Bertha" was first offered to the United States Government, but it declined to accept it. The German government snapped up the invention. Gathmann was a native of Germany.

## 2 L. A. NEWSIES WORK NE SELLING DODGE

LOS ANGELES, June 4.—Some newsboys have husky lungs and the ability to do a Derish dance through a hurrying throng, and some possess alacrity with patience. The two contrasting qualifications are equally valuable, the newsies say.

"It depends on the spirit of the people," is the way a quiet member of a news partnership supposed to be competitors at the corner of Fourth and Hill streets puts it. "If they are busy and in a hurry they will tell Mike to get the dummies out and buy from me. But if they feel peppy themselves his trick seems to get the money. We're partners, anyway, so we collect on either mood."

## 46 TEUTON VESSELS SEIZED BY BRAZIL

RIO JANEIRO, June 4.—Forty-six German ships, interned in Brazilian ports at the beginning of the war, are now being utilized by Brazil, an order to this effect having been signed by President Braz. The vessels aggregate 240,779 tons.

Safety First with Cough and Cold  
"Oh, just a cough" today may become grippe or pneumonia tomorrow. Thousands die from neglected colds. Take Dr. King's New Discovery before your cough becomes chronic. A few doses check the germ, the healing balsams soothe the throat, loosen the phlegm and clear the air passages of secretions which provoke coughing. Contains mildly laxative ingredients which remove the waste that aggravates the cold. At your druggists, 50c, \$1.00.

## YOUNG PATRIOTS OF CALIFORNIA ANSWER CALL

Eligibles Go to Registrars Throughout State and Give Their Names

SAN FRANCISCO, June 5.—Today red-blooded, clear-headed, courageous youth held sway in California.

California's young manhood en masse gathered at the registration booths in the cities, towns, hamlets and the isolated mountain precincts and there recorded themselves on the honor roll of the nation's defenders. Slackers found little sympathy. It was a day for patriotism and was dedicated as a holiday for liberty.

Following the proclamation of Governor Stephens the day was a legal and general holiday throughout the state. Business paused while the thrill of the first great war step for the masses pulsed through California homes.

In many cities demonstrations and patriotic exercises were held. Fraternal orders, civic organizations, the Red Cross, women's clubs and committee formed independently for this duty, aided in the observance, some taking charge of festival features and others assisting in the actual work of registration.

Answering an appeal from State Registration Director Ralph P. Merritt, the saloons of many cities, including San Francisco and Oakland, remained closed.

The work is being done everywhere by volunteer clerks. Throughout the state the registration machinery had been organized efficiently in advance through the state registration bureau, with the co-operation of county defense councils and the city and county clerks. In San Jose a regular school for that city's registration clerks paved the way. In practically every city and county the registration officials devoted the greater part of last week to preparations and instructing assistants.

Although California looked for little trouble from anti-conscriptionists, adequate arrangements were made to cope with any situation which might arise. With registration over attention will be centered on ferreting out the slackers and for that purpose every Californian is to consider himself bound to report cases of non-registration to county sheriffs immediately.

In San Francisco some 300 secret service operatives are sworn in to look for those who seek to escape military service and here and in Los Angeles and Sacramento Federal grand juries are ready to convene immediately to consider all cases brought to their attention.

## PATRIOTIC DAY IS HELD AT ANAHEIM

ANAHEIM, June 5.—Anaheim is the mecca for the residents of this part of Orange county, a big patriotic demonstration being held at Fremont school. Fullerton kindly agreed to take a part in the parade and sent a drum corps, high school cadets and home guards. Anaheim has representatives of the several fraternal organizations, Boy Scouts, Liberty and Ebell clubs, Red Cross, W. C. T. U., Ministerial Association, the Gordon Aeroplane of Placentia Aero Corps, and other patriotic bodies.

The men in charge of the work had done nobly and every member of an organization that is represented today was asked as a patriotic move to be in line with his lodge or company to show that he is in sympathy with the demonstration.

The Fourth division lined up on Broadway and marched up Philadelphia street to the line of parade on Center street. All persons participating in the parade in automobiles lined up on East Broadway.

Center street was kept clear of automobiles from Philadelphia street to the Fremont school. No automobiles were allowed to park in front of the Fremont schools.

## TRENCH TALES

LONDON, June 4.—"Our barrage chewed up the running Fritz like a road-sweeper cleaning up rubbish."

Thus did one wounded Tommy describe the attack which ended, as far as he was concerned, when a big top-shaped steel splinter was driven into him. He exhibited the splinter with pride.

"The cavalry at some points followed closely after the barrage," he said. "They came over the ground like in a steeple-chase and galloped clean through a screen of whizz-bangs. They were great. It was fine to see them sweep the Boches back. We got there in time to gather the prisoners."

Dr. Enoch, phone 602W, 411½ Main.

## FRENCH PLANES IN REPRISAL BOMBARD FOE'S AERO BASES

PARIS, June 5.—In reprisal for the recent German air raid over Bar le Duc, French aircraft carried out a successful air bombing expedition over Treves and the German aviation camps at Morbange, Habsheim, Freccati and Sissonne, an official announcement today asserted.

"Important results were achieved," the statement said.

Treves contains some of the most noted of the German medieval ruins and buildings. The city is in Rhenish Prussia, 47 miles southwest of Coblenz. It contains the most venerable cathedral in Germany.

Habsheim is in upper Alsace, eleven miles northeast of Altkirch. Sissonne is twelve miles east of Laon.

## DIVER WAR RESULTS DISSATISFY GERMANS

COPENHAGEN, June 4.—Regarding the results of the ruthless submarine campaign and the absence of any indications that it has brought the desired peace near to hand, private advices say that there is growing dissatisfaction in Germany. A vigorous publicity campaign to bolster up the waning confidence at home and quiet the complaints of neutrals is being engaged in by the German government.

## SEEK CLOSER UNION FOR CENTRAL EMPIRES

AMSTERDAM, June 4.—"The Federation of the Central Powers must now be put into practice by the participation of Parliament," was the main feature of the platform of an organization of "The Federation of Central European States" which has been perfected in Frankfurt, according to advices received here. The launching of the organization means that an important step has been taken toward the still closer union of the Central empires.

## GOVERNMENT TO GIVE AID FOR FARM LABOR

By Organization Proposes to Distribute Workers Where Needed

WASHINGTON, D. C., June 5.—Under the government plan for the organization of farm labor, the details of which have been announced by the U. S. Department of Agriculture, provision is made for nation-wide co-operation in the solution of the farm help problem. The work of organization already has been started in about forty states, and it is expected that eventually every community in the United States will be reached. It is believed that the resultant utilization of emergency labor will begin to have an appreciable effect on the farm labor situation before the season has far advanced. Meanwhile, the immediate and acute problem of supplying labor for the harvest, now beginning in the Southwest, is being handled, so far as the United States Government's services are concerned, through the existing employment service of the U. S. Department of Labor, which will continue to handle such problems of mass mobilization under the new plan as it has in the past.

## Clearing House

Thus each unit in the system acts as a clearing house for its own territory, reporting to the units higher up only when it needs help or has help to offer. The plan provides that supplemental reports shall be submitted by each community man whenever changes in the local labor situation make desirable further adjustments that cannot be met with the material at hand, or when a surplus of labor develops which he can not use.

A great many retired farmers, of whom there are 700,000 in the country, may be available for emergency service under this plan of farm labor mobilization. The plans contemplate also the drawing of emergency labor from the cities under the immediate direction of the Department of Labor, the effective utilization of college students and school boys, and, if necessary, the assignment of volunteer women and girls to rural tasks connected particularly with feeding and caring for harvest hands or other extra labor, or with farm canning or drying of surplus perishable products.

In other words, the plan contemplates supplying assistance not merely for field operations, but to farm women during their season of heaviest domestic duties.

Cozy, airy bungalows; single and housekeeping rooms. Bungalow Apartments, over Postoffice.

## RETURN TO CHINA MONARCHY SEEN IN REVOLUTION

President Li's Plan to Rush War On Kaiser Blocked By Parliament Shake-up

BY RALPH H. TURNER  
(United Press Staff Correspondent)

TOKIO, June 5.—The Chinese revolutionary movement today is tending toward the restoration of a monarchy and the enthronement of the old Chang dynasty.

Latest reports received here from Peking deny that President Li Yuan Hung has resigned under pressure of the militarists, who have established a provisional government at Tien Tsin. Hsu Shi Chang, head of the revolutionists' provisional government, is known to have monarchistic leanings.

Hsu Shi Chang has assumed his duties and is preparing to demand the resignation of President Li Yuan Hung.

The disruption of parliament today threatened to block the plan of President Li to rush through an immediate declaration of war against Germany. Eighty members of parliament have resigned and several members of Li Yuan Hung's administration fled from Peking, according to cablegrams received here. This leaves President Li's government practically paralyzed.

The movement toward a monarchy is further emphasized by the fact that General Chang Hsun, military governor of the province of Anhwei favors reviving the old Chang dynasty. It was General Chang who virtually placed Hsu Shi Chang at the head of the provisional government in Tien Tsin.

Two thousand rebel troops from the province of Anhwei, belonging to the command of General Ni-Shi-Chun, have arrived near Tien Tsin on a special train. Two thousand more are reported to be en route to Tien Tsin from another province. No other movement of troops is reported.

The belief in Tokio is that China will be plunged into anarchy.

# Give Your Government Your Support!

If you value the privileges you have enjoyed as an American citizen—if you want to make certain that your children and future generations will enjoy the same privileges—you must do your share toward stemming the tide of oppression which threatens our shores.

Every citizen should make sacrifices in order to insure the IMMEDIATE SUCCESS of the "Liberty Loan of 1917." Place in the hands of our Government at once the means of hurrying the day of Victory and Peace.

# LAND BROKERS TO BE LICENSED UNDER BILL

Must Be Strictly Honest and Pay Annual Fee of \$10 To State

Licensed real estate operators will be it with a big "I" after June 27, for after that date, Mr. Jones, as a friend, cannot sell a piece of land for Mr. Smith, and collect a commission.

Senate Bill No. 716, and just signed by Governor Stephens, places the occupation of real estate operator on the same professional plane as medicine and law and creates a State Real Estate Commissioner's department. Each broker is required to take out a state license and give a bond of \$1000 for his faithful performance of any undertaking as a licensed broker.

The bill aims to protect both the licensed dealer and the buyer or seller—in other words, those real estate agents who in the past have been eligible to the Ananias club will have to sever relations with either the club or real estate business, while owners who authorize dealers to sell their property and refuse to pay the commission will be taken in hand by the department. Dividing of a commission by a real estate man with some one who gives him a "tip" on a prospect is prohibited.

The law defines a real estate broker as a person, co-partnership or corporation who for compensation sells, buys or negotiates loans on real estate, leases, rents or collects rent from real estate or improvements as a whole or partial vocation.

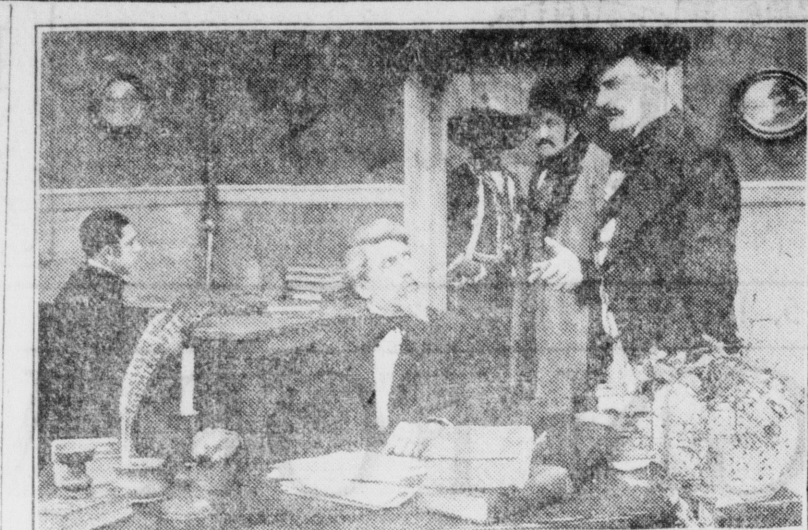

The governor is authorized to appoint a real estate commissioner at a salary of \$5000 per year, with total expenses of his office for clerks, etc., limited to \$50,000 per annum. The salary is to be paid from a fund created for the purpose. All fees collected are to be turned into the state treasury.

Application for license must be made in writing to the commissioner. The application must be accompanied by the recommendation of two real estate owners.

The license fee for a broker is \$10. For a corporation it is the same amount, with the president only permitted to operate under the one license fee, with \$2 additional for each officer of the corporation engaging in the business. For a co-partnership, the fee is the same, licensing only one member, with \$2 additional for each member of the co-partnership, and \$2 for each salesman and solicitor.

It will be unlawful for any licensed broker to pay a commission for performing any act in connection with the sale of a piece of real estate.

The real estate commissioner shall have the power to suspend temporarily or permanently revoke licenses at any

See the "Argonauts of California" at the Temple Theatre tonight and tomorrow.

time where the holder is guilty of:

(a) Making any substantial misrepresentations.

(b) Making any false promises of a character likely to influence, persuade or induce.

(c) A continued and flagrant course of misrepresentation or making of false promises through agents, salesmen, or solicitors.

(d) Acting for more than one party in the transaction without the knowledge or consent of all parties thereto.

(e) Any other conduct, whether of the same or a different character than herein above specified, which in the opinion of the commissioner is contrary to good business morals.

Any person or corporation violating any of the provisions of the act and convicted, if a person, may be punished by a fine not to exceed \$2000, or by fine and imprisonment in county or state jail for a term not to exceed two years; if a corporation, by a fine not to exceed \$5000.

The governor is given the privilege of either appointing a commissioner or delegating the commissioner's authority to the commissioner of corporations, for which the latter shall receive \$1000 a year in addition to his regular salary.

## YORBA LINDA CLUB IS TO BE HOSTESS

YORBA LINDA, June 5.—The meeting of the Yorba Linda Woman's Club, to be held next Thursday afternoon, will be Reciprocity Day, and will be a special event as the club is to entertain the Santa Ana Woman's Club, the Anaheim Elbell, the Fullerton Elbell, the La Habra Ladies' Improvement Club and the Placentia Round Table. A most excellent program has been prepared and the meeting promises to be the banner event of the year.

The funeral of Mrs. Walter Milhous was held Friday afternoon at 1 o'clock at the Friends church. Rev. C. N. Jones, the pastor, delivered the sermon. He was assisted by Rev. Mr. Marsh and Rev. Lewis I. Hadley, a longtime friend of the Milhous family. The high esteem in which Mr. and Mrs. Milhous was held in Yorba Linda was somewhat expressed in the large number attending the services and the wealth of beautiful flowers which brightened the sad occasion.

Mr. and Mrs. Lloyd Buckmaster spent Saturday at Balboa.

Henry Woolner and Mrs. Minnie Leonard, both of Los Angeles, were dinner guests of Mr. and Mrs. C. H. Seaman.

Yorba Linda's new 2-story building and public hall is nearly completed and will be a great improvement as a hall has been so much needed and the new one will be adequate for all purposes.

## BIG LAND TRACT AT ELSINORE PURCHASED

RIVERSIDE, June 4.—R. P. Sherman, son of General Sherman, and B. N. Pratt of Los Angeles and H. V. Kies of Santa Monica have purchased for \$250,000 2500 acres of rich farm land at the head of Lake Elsinore. Plans have been laid for improving the land with citrus and deciduous orchards.

## PROBE TUNA'S HABITS

LONG BEACH, June 4.—Dr. W. C. Crandall and Dr. E. L. Michael of the Scripps Biological Institute at La Jolla, are started today on an extensive cruise looking toward the ascertaining of facts regarding the spawning of tuna. Their findings are expected to prove of great value to the tuna packing industry of Southern California.

# WINTERSBURG YOUNG MAN OF WINTERSBURG OFF TO WAR

WINTERSBURG, June 4.—Willard E. Schell, a young man who has been in the employ of W. E. Chilson for the past two years, left Thursday for San Francisco, the initial stage of his journey to France to join the army. Friday night, he, with others, was to start for Tacoma, Wash., where the party will be given training in marching and ordinary war tactics. Then off to France, possibly by rail to some Canadian port on the Atlantic. Young Schell is a machinist by trade and took the examination for engineer and was accepted and assigned to an engineer corps. While his work will probably be with gasoline engines, he is being sent with a unit of locomotive men.

Miss Alice Roberts gave a party Friday to a dozen of her school friends. A very pleasant time was enjoyed with games and sports dear to the younger set. Refreshments of lemonade, cake and candy were served. Those present were Gladys Mallett, Lucile Radford, Angie Grana, Agnes Gothard, Allie Bradbury, Albert Maddux, Victor Wiese, Charlie Playlock, Wallace Winters, Walter Winters, Earl Wiese and the young hostess.

Mrs. B. A. Farrar entertained a few friends on Friday with a delicious chicken dinner at the noon hour, the ladies coming to spend the day. Plates were laid for Mrs. Ed Moore, Mrs. Kauffman, Mrs. Parsons, all of Orange; Mrs. G. M. Robinson and the host and hostess. On account of illness, Mrs. George Gerhart was unable to be present.

Saturday afternoon a merry party of little folks was invited by Mrs. E. M. Fox to celebrate the seventh birthday of Carlita Dearford. The real birthday, however, was May 20, but on account of that being Decoration Day, the party was given three days later. A beautiful birthday cake with its seven twinkling candles was the center of attraction. This served with ice cream was enjoyed thoroughly by the small girls and boys. Games were played and happiness reigned supreme. Those present to wish the young Miss Dearford many happy returns of the day were Alma Kanaver, Mary Isenor, Alma Vandruif, Bonnelly Fox, Russell Kanaver and four from Huntington Beach, Elizabeth and George Wardwell, Lylace Kopp and John Kopp.

Mr. and Mrs. Forrest Harris of Lordsburg and their two children arrived today to visit Mrs. Harris' parents, Mr. and Mrs. J. A. Murdy. In a few days they start on a motor trip north, possibly to Oregon, in search of a new location.

Mrs. Brubaker, mother of Mrs. J. Lee Farrar, died at her home in San Francisco a few days ago, and Mrs. Farrar has gone East with the body. Mrs. Brubaker was the house guest of Mrs. B. A. Farrar the first week in April and will be remembered by many of the neighborhood.

Alfred Dimmock of Los Angeles is visiting his brother, D. W. C. Dimmock and family and his sister, Miss Helena Dimmock. Mrs. W. G. Alford and her daughter, Mrs. J. R. Morgan, visited in Huntington Beach Friday.

Mrs. Foster of Fresno is visiting her daughter, Mrs. H. M. Sprinkle and husband. Irwin Farrar, one of Wintersburg's boys, now a prosperous attorney at law, made a speech introducing William Jennings Bryan to the people of Corona on his recent visit to that city.

Mr. and Mrs. E. Ray Moore and family went to Orange Saturday afternoon to visit until Sunday evening with the former's parents. Mrs. Barbara Brown, Mrs. W. A. Buehler's mother, who came to spend several weeks with her daughter, was unexpectedly called home to Lordsburg Tuesday.

Mrs. E. Ray Moore and Mrs. G. M. Robinson motored to Huntington Beach Thursday.

Written invitations are out to the closing exercises of the Springfield school, which will be held on Thursday, June 7, at 2 p. m.

Mr. and Mrs. A. B. Crane and small son were in Huntington Beach Thursday evening to visit the former's mother.

The Ocean View school closed Friday. The eighth grade pupils all passed their final examinations with good grades, the highest being 91 per cent.

Mr. and Mrs. Frank Ulrich, Miss Mabel Ulrich, Mrs. A. Ulrich and daughter of Santa Ana, made a trip to Orange County Park Wednesday. Mr. and Mrs. F. Beckwith and little daughter, Mr. and Mrs. G. M. Nichols and Zelia drove to Los Alamitos Thursday and were guests of G. M. Wise and family.

Mrs. J. D. Shutt spent Friday with her daughter, Mrs. Earl Gardner, at Bolsa. Mrs. Maude Aronhalt of Garden Grove, was the guest of Mrs. George Crane Friday.

Mrs. G. M. Robinson went to Orange Friday to spend a few days with her cousin, Mrs. Ed Moore. Mrs. W. E. Slater and Miss Ruth Jordan motored to Los Angeles Friday, returning on Saturday.

Tuesday afternoon Earl Gardner and his mother, Mrs. Sarah Gardner, J. D. Shutt and Mrs. Shutt went to Artesia and did some improvement work on their lots at the cemetery.

Mr. and Mrs. F. Beckwith visited friends in Long Beach Friday evening. Russell Alford attended the Epworth League picnic at Orange County Park Wednesday.

Esther Radford visited her aunt, Mrs. Earl Gardner, at Bolsa, from Friday until Sunday.

## TEUTON U-BOAT BASE INTRIGUE IS BARED

WASHINGTON, June 4.—It has been discovered that government agents have discovered a German plot to establish a submarine base in the Caribbean, close to the Panama Canal. The conspiracy contemplated the purchase

**FAHY-ATTERBURY SALES CO**  
FORD SALES AND SERVICE STATION  
1036 SOUTH GRAND AVENUE  
LOS ANGELES

Gentlemen:

We have found Zerolene to be the one oil that has given us perfect lubrication. We have settled on the use of Zerolene Oil after extensive tests being made with the different makes of lubricating oils and it is for this reason that we recommend Zerolene for the lubrication of Ford cars.

Hoping this information will be of benefit to Ford owners, we are,

Very truly yours,  
*J. H. Fahy*

**H. O. HARRISON CO.**  
DISTRIBUTORS  
HIGH GRADE MOTOR CARS  
OAKLAND, CAL.

Gentlemen:

Regarding your inquiry am pleased to say that Zerolene Oil has proven a most satisfactory lubricant for Hudson and Dodge automobiles. We are speaking now of our own experience as well as from reports of Hudson and Dodge owners and our observations cover a wide range of conditions and time.

Very truly yours,  
*R. A. Curman*

## FORD DODGE

# ZEROLENE

### The Standard Oil for Motor Cars

Factory experts, and leading coast distributors for all makes of cars, testify that Zerolene, correctly refined from California asphalt-base crude, gives perfect lubrication with least carbon deposit.

Less wear and more power because Zerolene keeps its lubricating body at cylinder heat. Less carbon because, being made from asphalt-base crude, it burns clean and goes out on exhaust.

Zerolene is the oil for your car—whatever the make—the oil for all types of automobile engines. For correct grade get our lubrication chart covering your car.

## The Country Is Prosperous East—West—North—South Says John Wannamaker

And who is in better position to know than the merchant prince?

"Business is going—in the East, the West, in the North, the South. The country is prosperous," is the assertion of Mr. Wannamaker.

"Last month's increase in business throughout the country was very large. The further unloosing of billions of dollars will unloosen a further flow of prosperity.

"Let cities and communities go on with their civic betterments. Let road building and public works proceed. Let factories keep going to their full capacity. Let labor be employed. Let homes be kept up. Let merchandise be produced, distributed and used.

"The more we do the more we can do. The more we spend, the more we will have in our pockets to spend.

"Money creates money.

"Governments are setting the pace in their expenditures.

"The billions of dollars of money to be expended in war preparations will be put in circulation in our country. This in itself will create new wealth for use in the world-struggle for humanity.

"President Wilson sounds the keynote in this sentence, 'It is evident to every thinking man that our industries, on the farm, in shipyards, in the mines, in the factories, must be made more prolific and more efficient.'

"Individuals must not lag behind in their expenditures. Seven billions of dollars put into work at 6 per cent—a fair estimate of the producing power of money—will create 240 millions of new wealth.

"The income tax we pay will not be a tax on prosperity, but a spur to prosperity. Every dollar the individual pays out will come back to him with interest in the general prosperity of the people.

"Our industries will be made more prolific if the people buy and use merchandise produced by our industries. Manufacturing grows in a prolific way when business grows.

"And business grows when people buy and keep money in circulation.

"Keep money in circulation. It will produce employment for everybody. It will keep wages good.

"The country is prosperous—East, West, North, South.

"Do your share to keep it prosperous. Spend your money freely. Keep your money in circulation.

"In a word: The natural, sane life of the country must proceed as though we were not at war, in order that we may have the necessary prosperity to promote the war to a quick and successful conclusion.

"The more we do the more we can do.

"Let us repeat again—The more money we spend the more we will have in our pockets to spend. Money creates money."
